Dream! Believe!! Achieve!!!“

Every achievement begins with a dream. Every individual dreams, grows with the belief of fulfilling the dream and, through perseverance, determination and confidence, achieves success. As we embark on a new academic journey, we unfold to all, through our school magazine, **DC Chronicles 2025-26**, the achievements of our students not only in academics but in extracurricular activities too.

This magazine is a true showcase of the talents of our students who have great dreams and aspirations and have achieved success by overcoming all challenges.

At the onset of this new journey, we hope that this magazine inspires and motivates many of our students to chase their dreams for holistic development.

So...

Dream Big,

Believe in Yourself, and

Achieve Success,

and bring laurels to Divine Child High School & Junior College.

Message from the Manager

It gives me great joy to share my thoughts with you through your school magazine. Education is not only about academic excellence; it is about shaping responsible human beings who have compassionate hearts, strong values, and a commitment to building a better world. The theme “Responsible Hearts, Sustainable Future” beautifully reminds us that the future of our planet and our society depend on the choices we make today. Every big change begins with a small decision. The way we treat a friend, the way we use water, the way we speak to nature - these are not small things. They are seeds. And the kind of seeds we plant today will decide the kind of harvest we get tomorrow.

When we speak of the future, children often imagine big things: tall buildings, fast cars, new gadgets. But the truest future is not built with steel and glass alone. It is built with hearts. A Responsible Heart - A responsible heart is one that notices. It notices the classmate who sits alone. It notices the tap left running. It notices paper wasted, food thrown, and words that can hurt. Responsibility is not just doing big things. It is doing small things with great love. It is switching off the lights when we leave the room. It is carrying our own water bottle. It is saying “thank you” and “sorry” on time. It is choosing kindness over convenience. We learn that every person and every bit of creation is a gift. To be responsible is to be a good steward of those gifts.

A Sustainable Future - Sustainability means making choices today so that tomorrow can still bloom. For our school, this looks very practical:

1. **Care for Creation** - Planting trees, maintaining a small garden, using both sides of the notebook, reducing plastic. When we protect nature, we protect ourselves.
2. **Care for Each Other** - A sustainable community is one where no one is left behind. Sharing, teamwork, anti-bullying, and helping a friend with studies - these build a future that lasts because it is built on respect.
3. **Care for Resources** - Time, talent, money, and materials are all resources. Using them wisely, wasting less, and giving back more is the mark of a responsible student and citizen.

From Hearts to Hands - A sustainable future will not come from speeches alone. It will come when a child decides to pick up litter without being told. When a student teaches their sibling to save electricity. When a teacher models gratitude. My dear students, I encourage you to dream big, but also to remember your responsibility towards others

and towards the world around you. Let your achievements be guided by humility, compassion, and a desire to make a positive difference.

My prayer is that our school becomes known not just for marks and medals, but for the character we form. If we form responsible hearts today, we will inherit a sustainable future tomorrow. Let us remember: The world we leave behind will be the world we build today, one choice at a time.

“The Lord bless you and keep you; may He make us faithful stewards of His creation.” — Numbers 6:24

I wish all our students, staff, and families a year filled with learning, growth, and meaningful contributions towards a better future. Congratulations to the Principal, Staff, Students and Parents for the hundred percent SSC results this year. Continue growing and budding in the school and at home. God bless you all!

With warm wishes,

Sr. Dr. Romana Fernandes, PSOL
Manager

From the Principal's Desk...

Every new academic year reminds us that education is not simply about preparing children for examinations; it is about preparing them for life, shaping minds that think critically, hearts that love deeply, and hands that are always ready to serve.

This year's theme, "**Responsible Hearts, Sustainable Future,**" is both timely and timeless. In a world facing environmental challenges, social inequalities, and rapid change, we are reminded that the greatest transformation begins in the human heart.

A responsible heart is one that is compassionate enough to care, wise enough to make the right choices, and courageous enough to act upon them. It recognises that every small act of kindness, every effort to conserve nature, every honest decision, and every helping hand contributes to building a better world.

These values find their deepest expression in our cherished school motto, "Born for Others." they are the soul of our institution. They challenge us to look beyond ourselves and recognise that our education finds its true meaning when it becomes a blessing in the lives of others. Inspired by the Gospel values we strive to form young people who are not only academically competent but also compassionate, responsible, and socially conscious.

A sustainable future will be built not only through innovation but through people who choose responsibility over indifference, generosity over selfishness, and hope over despair. We want our students to understand that success is not measured merely by marks, but by the difference they make in the lives of people and in the care they show for God's beautiful creation.

Every lesson taught with love, every value instilled, every word of encouragement, and every opportunity given to serve helps shape responsible citizens and compassionate leaders. Our classrooms are places where curiosity is nurtured, character is formed, and dreams are encouraged to take flight.

As we journey together, let us continue to build a culture where respect, gratitude, service, and care for creation become a way of life. Let us choose to live simply, love generously, and serve joyfully. For when our hearts are rooted in faith and guided by compassion, we become instruments of hope in a world that longs for healing.

Together, let us nurture responsible hearts today so that future generations may inherit a world that is more compassionate, more just, and more sustainable.

With prayers, every good wish, and God's abundant blessings,

Sr. Olivia Fernandes PSOL
Principal

From the Primary Head Teacher's Desk

It gives me great pleasure to present this article, "Earth is our only Home". May it inspire every reader to care for our beautiful planet. Imagine our Earth is like a giant, beautiful spacesuit. It gives us clean air to breathe, fresh water to drink, and delicious food to eat. But right now, our big blue-and-green spacesuit is getting a little dirty and tired. The awesome news? You don't need to be a superhero with a cape to save the planet. Superheroes wear school backpacks, too!

As the famous scientist Jane Goodall once said: What you do makes a difference, and you have to decide what kind of difference you want to make. Here are three simple, but effective superpowers you can use every day, right now to protect our home:

- * **Become a "Turn-It-Off" Champion** : Every time you leave a room, flip the light switch off. When you brush your teeth, turn off the faucet while you scrub. By saving electricity and water, you are keeping rivers clean and helping the air stay fresh. For example: Think of water like juice. You wouldn't let your favourite juice pour down the sink while you walk away, right? Turning off the tap while brushing saves up to 30 cups of water every single day!
- * **Ditch the Plastic** : Plastic bags and bottles can take hundreds of years to disappear, and they often end up hurting animals like birds and sea turtles. Switch to a cool reusable water bottle and a cloth lunch bag. You'll look stylish and keep the oceans safe. For example: Instead of buying a tiny plastic water bottle every day at school, use your favourite metal or sturdy plastic bottle that you can wash and refill. It's like having a trusty sidekick that never leaves your side!
- * **Give Things a Second Life** : Before you throw something away, ask yourself: "Can I use this again?" This is called up cycling which just means turning old trash into brand new treasures. This keeps our big trash bins (landfills) from overflowing. For example: The back of an old school paper can become a drawing canvas for your next masterpiece. An empty glass jar can be washed out and used to hold all your colourful pencils!

The Power of One: If one student saves one plastic bottle today, that's great. But if your whole classroom does it, that's hundreds of bottles saved. You are never too small to make a massive difference. The great leader Mahatma Gandhi famously said: "Be the change that you wish to see in the world." You don't have to wait until you are grown up to take care of the Earth. Let's team up, protect our trees, clean our oceans, and keep Earth the most beautiful planet in the universe.

As a school rooted in faith and values, Divine Child High School & Junior College inspires us to protect God's wonderful creation. Let us care for our common home with love, gratitude and responsibility. Wishing you a greener and brighter tomorrow!

Sr. Anita Chauhan
Primary Head Teacher

Message from the Supervisor

Kites Rise Against the Wind

Over the years, I have come to realise that a school is not defined only by its results or achievements, but by the people who bring it to life each day. The energy of our students, the dedication of our teachers, and the constant support of parents together create an environment where learning goes far beyond textbooks. It is in everyday moments, a question asked with curiosity, a helping hand extended to a friend, a lesson understood after effort that true education takes shape.

To our students, I would like to say always believe in yourself. Do not be afraid to dream big, but remember that dreams require effort, discipline, and patience. There will be challenges, moments of doubt, and times when things do not go as planned. Yet, it is through these experiences that you truly grow. As we often say, kites rise not with the wind, but against it.

In your journey, learn not only how to succeed, but also how to face setbacks with courage. Do not let fear stop you from trying, and do not let failure define you. Every mistake carries a lesson, and every step forward, no matter how small, brings you closer to who you are meant to become. Learn to work together, to support one another, and to value kindness just as much as success. The ability to listen, to understand, and to stand by others is just as important as any academic achievement. True strength lies not in standing alone, but in lifting others as you grow. Marks may measure performance, but they do not define your character, your potential, or your worth. What truly matters is the kind of person you choose to become. Integrity, honesty, and compassion will always take you further than any number on a report card.

In today's fast-changing world, it is easy to lose focus. While time is important, what matters more is how you use it. Do not just manage time, learn to manage your focus. Give your best to whatever you do, whether it is in the classroom, on the field, or in your personal pursuits. Small, consistent efforts create meaningful progress. It is also important to find balance. Work hard, but also take time to rest, to reflect, and to appreciate the simple joys around you. Read, explore, ask questions, and never stop being curious. Education is not limited to books; it is found in experiences, in conversations, and in the world around you.

As you move forward, carry with you the values you learn here. Be responsible in your actions, be mindful of your choices, and always strive to do what is right, even when it is not easy. Remember that you are not just building a future for yourself, but also contributing to the world around you.

Above all, start. You do not have to be great to begin, but you must begin to become great. Believe, take that first step, and keep going with determination and faith.

With warm regards,

Mrs. Neomi Tyler Dias
Supervisor

SCHOOL REPORT 2025-26

Divine Child High School and Junior College is proud to host its Annual Prize Distribution ceremony and heartily invites you to felicitate the diligent work of our meritorious students. Under the watchful care of our patron Divine Child, they have blossomed and by His loving guidance have maintained a clear focussed direction. This has blessed them in achieving their goals. And so, right at the onset, we wish to say, it is truly a moment of glory and the Divine Family basks in the joy at the academic performance of our SSC & HSC students at the State Board Examinations of 2025-26. Their success has made us ecstatically happy.

Every journey is embarked upon with an invocation for the presence of God. The journey of 2025-26 for the students and staff of Divine Child High School & Junior College too, began invoking the blessings of our Patron Divine Child and in anticipation of excitement, struggles and achievements. Along the way, we moved our sails to adjust to the winds; we enjoyed the voyage of real discovery not just seeking new altitudes but looking through new eyes at every situation, to admire and savour new academic landscapes and enjoy the smooth sail.

The year rolled out smoothly with a number of preparatory sessions for staff and senior students. That set the tone for the rest of the year... besides the regular academics and public examinations, the various Committees and Clubs with the help of teachers seized every opportunity; every occasion; every event; and ensured that young hearts and minds were nurtured first of all to be empathetic, compassionate, thoughtful, humane – to live our school motto ***“Born for Others”***.

- Our assemblies were sacred moments of prayer – a time we remembered and lifted up intentions for all. Special prayer assemblies were conducted for special occasions which helped students absorb the virtue of being grateful and respectful. Various National occasions and other festivities were also celebrated with enthusiasm and gusto.
- The Teachers’ Orientation on the theme **“Real Self-Image and the Role of a Teacher”** was a lively and interactive session conducted by Rev. Fr. Vincent Saldanha encompassing self-awareness worksheets and activities designed to understand goals and strengths.
- A parents’ Orientation programme was organized to help them deal with the challenges of parenting school children. Students of Std. 10 had a session to unfold unanswered questions and doubts that were never comfortable to ask about beliefs, personality, behavioural patterns, emotions, relationships, peer pressure, etc.
- The House feasts assemblies were a time for renewal of virtues like **‘Purity’**, **‘Generosity’**, **‘Love’** and **‘Courage’** that our House Patronesses have exhibited through their lives, with their devotion and love for God.
- Our school’s 68th birthday was solemnly celebrated on 7th January. A special time was spent in silent prayer to remember and thank our Patron Divine Child for the many graces and blessings He showered on us individually and as a Divine family. It was a heart-warming divine prayer time.

- In the process of nurturing '*Responsible Hearts*', one of the celebrations held close to the hearts of the Divine School family is the celebration of 'nature'. Promoting and living with nature in the true sense, is what we promulgate. This academic year, the Nature Club, Green Army, Eco Club and Science Club went all out to infuse love and care for creation with an explosion of activities. In collaboration with Project Mumbai, various seminars, workshops and nature trails were held to motivate students and others to show concern for our planet.
- The '*Ek Ped Maa Ke Naam*' campaign; Water Testing experiments; vermicomposting; collection of E-waste; making handmade paper; recycling old fabric into cloth bags and distributing to parents and visitors at the Annual Fete; Soil Day interview segment; Cleanliness Drives within the school premises and at Juhu beach; promoting hygiene and reduction of air pollution on 'No Tobacco Day' – interacting with pedestrians, cigarette shop owners, etc. – all these were done in the goodwill to foster a sense of care and responsibility for a "greener and cleaner" planet. There were proud moments when our school received recognition and accolades for nurturing young hearts to be sensitive and responsible for Mother Earth.
- One of the motivational teachings of our school has been to nurture an individual to be empathetic, compassionate and caring. Thus, Outreach programmes like visits to homes for orphans and street children taught students the value of parents, and to respect and love them for all they do. They realized that being compassionate and service-oriented towards the marginalized gives so much satisfaction and peace. Dear parents we acknowledge and commend your extremely generous contributions last year, for the operation expenses of a student. Along with your children, you too stood up to living our motto. It is truly a good life when we are "***Born for Others***".
- Physical fitness is also of vital importance to keep our students alert in mind and body. Students enjoy 'yoga', 'sports' and 'self defence'. Inter-school sports and other competitions are platforms where our students excelled and brought honours to our school.
- Our students enrolled for Public / Government Examinations held every year and have fared exceedingly well in these exams. Parents are requested to motivate your children to participate in these exams and reap benefits.
- During the academic year, Robotics classes were introduced for interested students from Std. 5th to 8th as a progressive initiative in response to the rapid growth of Artificial Intelligence and robotics. This was an intentional initiative aimed to provide students with the hands-on experience and early exposure to emerging technologies and future-ready skills. This ingenuity has worked successfully for the 137 students who registered this year and the school will be continuing this initiative.
- Our two-day Annual Day celebrations themed "***Threads of Love***" and "***Beyond the Spotlight***" highlighted the importance of family as foundation

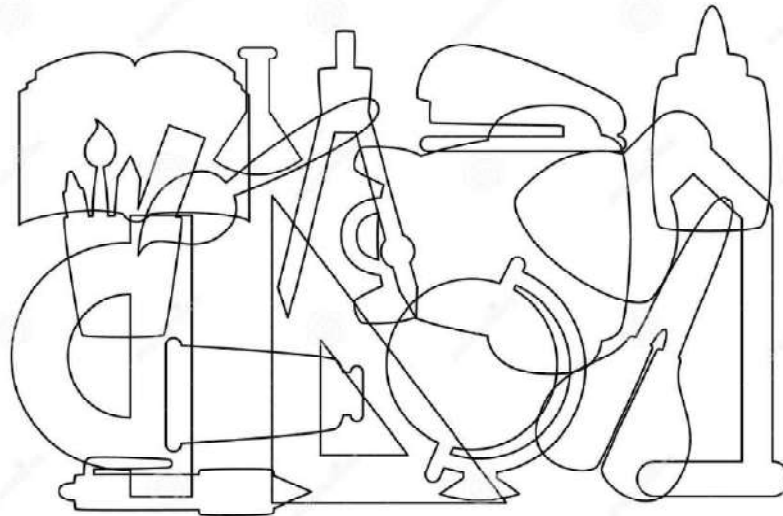

of values, love and togetherness, and was highly appreciated by all.

- Jr. college's Annual Event D'Galaxia encompassed various personality development, environment conservation and self-esteem building competitions. This provided an excellent forum for students to enhance confidence and fortitude. The students also had motivational sessions during the year. They were also given opportunities to better their talent in interested sport and games like Self Defence, football, basketball, cricket, etc. This helped them channelize some of their physical energy in the right direction for personal benefit.
- On 22nd April, the school organized 'Bal Mela' – a day of entertainment, fun and frolic, as an outreach programme for the needy children of our school and their siblings. The programme started with prayer after which the children had a good time, playing and dancing and participating in various competitions. They were also treated to snacks, lunch and gifts.

"We are all born with a divine fire in us. Our efforts should be to give wings to this fire." – Dr. APJ Kalam so beautifully sums it up. It is this divine fire that we have been fanning and giving wings to, through this academic year – a wholistic change and progress; an approach with passion to explore potential. It was an absolutely satisfying year. And through it – challenges, struggles, joyous occasions and all – at every juncture, we encountered the guidance of Heavenly Presence, our Patron Divine Child whose compassionate touch, infinite mercy and authoritative blessings steered our ship to dock smoothly. Our Heavenly Mother was there too... holding us close to her bosom, caring like every mother does, interceding for our every need. Divine Child High School & Junior College stands tall in living our motto ***"Born for Others"*** because of the support and encouragement given to our every venture. We are ever grateful to our Management the Poor Sisters of Our Lady, our benefactors and well-wishers and you, dear parents.

Thank you and God bless.

FIND ALL THE SCHOOL SUPPLIES

ACTIVITIES OF THE YEAR 2025 – 2026

PRIMARY SECTION

JUNE 2025

Teachers' Orientation

A Teachers' Orientation Programme was conducted at Divine Child High School & Jr. College on 12th June 2025, led by Rev. Fr. Vincent Saldanha SJ. The session was attended by all the staff members of Divine Child High School & Jr. College.

The orientation focused on the theme "Learning and Growing Together with Children," encouraging educators to view themselves as companions in the learning journey of their students. Fr. Saldanha emphasized the need to understand and value the individual likes and interests of children to build stronger teacher-student relationships.

The session was interactive and thought-provoking, involving various rounds such as "Who Am I?" crossword puzzles, and "My Symbol," all designed to help participants reflect on their personal qualities and their role as educators. The orientation concluded on a positive note, inspiring all staff members to begin the new academic year with renewed purpose, unity, and enthusiasm.

Tr. Joanna Braganza

Reopening Day Report

The first day of Divine Child High School, held on **16th June 2025**, began with great excitement and enthusiasm. Students came to school with bright smiles, eager to meet their friends and teachers after the vacation. The school atmosphere was lively, filled with energy and happiness. Even nature welcomed the students by pouring its blessings in the form of rain.

The day began with a special morning assembly. The Primary Section teachers with the help of some students conducted a warm welcome assembly, invoking God's blessings for all students and teachers. They shared an inspiring message, "**Soaring with Strength and Hope**," to begin the new academic year on a positive note.

Tr. Awreelia D'silva

Art in Bloom: Drawing and Colouring Competition

“Every child is an artist. The problem is how to remain an artist once we grow up.” – Pablo Picasso

A Drawing and Colouring Competition was held on 20th June 2025 at Divine Child High School for the Primary Section to encourage creativity and imagination. Students of Standards I and II took part in Colouring Competition, while Standards III and IV participated in Drawing. The children showcased impressive creativity and skill, making it a delightful event. Winners were awarded certificates of excellence to encourage their artistic talents.

Tr. Beula D'Souza

International Yoga Day 2025

“Yoga for One Earth, One Health” International Yoga Day was celebrated with great enthusiasm at Divine Child High School & Junior College on June 21st 2025. Students from various classes (1st to 4th Std.) participated in a series of yoga asanas and breathing exercises, guided by their respective class teachers. The event aimed to promote the physical and mental well-being of students through the practice of yoga.

The session highlighted the benefits of yoga, including stress relief, improved concentration, and enhanced flexibility.

The International Yoga Day celebration was a resounding success. It provided students with a valuable opportunity to learn about and experience the benefits of yoga. The school encourages students to continue practicing yoga regularly to promote their overall well-being.

Sir Surendra Yadav

No Tobacco Day

“Say no to tobacco today, and yes to a healthier tomorrow.”

No Tobacco Day was celebrated on 25th June 2025 at Divine Child High School with great enthusiasm. The event aimed to create awareness about the harmful effects of tobacco.

Students participated in poster making and slogan writing on the theme “The Importance of a Tobacco-Free Life.” They showcased creativity and learned about healthy living habits.

An awareness rally was also organized where students marched with placards and raised slogans.

Teachers and staff actively supported and encouraged the students. The program helped spread awareness among students and the community. It was a meaningful initiative promoting a healthier, tobacco-free lifestyle.

Tr. Sharon Dias

JULY 2025

Plastic Free Day

“Take care of the Earth, and it will take care of you.”

Plastic Free Day was celebrated on 4th July 2025 to create awareness about the harmful effects of plastic. Students avoided single-use plastics and learned about eco-friendly alternatives. Std. I and II watched a video to understand how plastic harms the environment. Std. III students made newspaper bags, while Std. IV participated in activities like posters, collages, and creative reuse of plastic materials. The day encouraged students to say no to plastic and adopt eco-friendly habits. Every small step can help make our Earth cleaner and greener.

“The Earth does not belong to us; we belong to the Earth. Let’s protect it by saying no to plastic.”

Tr. Melvina D’Silva

Solo Dance Competition

Solo Dance Competition was successfully organized on Thursday 10th July 2025 at Divine Child High School with great enthusiasm and vibrant participation. The event aimed to showcase the dancing talent of students and promote cultural expression through various dance forms.

Participants from Std. 1st to 4th took part in the Folk Dance Competition. Each participant mesmerized the audience with their graceful movements. The competition was judged by

Tr. Melvta and Tr. Simon for Std. 1st and 2nd. Tr. Mansi and Tr. Soni for Std. 3rd and 4th who evaluated the performances based on criteria like rhythm, presentation, costume, expression and overall impact.

The event concluded with words of appreciation from the judges, who commended the participants for their hard work, confidence and dedication of talent and creativity.

Tr. Sudarshana More

Van Mahotsav Day

"Plant a Tree; Grow a Future, Save the Nature!"

Divine Child High School's Primary section celebrated Van Mahotsav on 11th July 2025, with enthusiasm, conducting activities like tree plantation, poster making, and dried leaves art. Trees are vital to our ecosystem, providing oxygen, absorbing carbon dioxide, and supporting biodiversity.

This celebration beautified the school premises and educated students about trees' significance in maintaining a healthy environment and mitigating climate change. The event sparked a sense of responsibility towards nature and instilled environmental awareness, promoting sustainability.

The students' enthusiasm was palpable, making the event a resounding success. The school's eco-friendly drive is expected to inspire parents and the community, shaping the next generation of environmental stewards.

Tr. Rohita Vaz

Installation Ceremony of Prefects

"Leadership is not a position or a title. It is action, responsibility, and a voice that inspires."

The Installation Ceremony of the Prefects for the year 2025-2026 was held on 18th July with great enthusiasm. The event began with a prayer, followed by a disciplined march of the newly elected prefects. The Principal, Sr. Olivia and Head Teacher, Sr. Anita, conferred sashes and badges on the new leaders. The Prefects took an oath to uphold the values of the school.

Sr. Anita addressed the gathering, encouraging the students to lead with responsibility. The ceremony ended with a vote of thanks and the school anthem.

Tr. Awreelia D'Silva

Happy Saturday

A special 'Happy Saturday - Activity Day' was organized at our school on 19th July 2025, bringing joy, creativity, and excitement to all students. Each grade had their own unique activity, aimed at encouraging hands-on learning, developing fine motor skills, and fostering teamwork and imagination.

Tr. Christina Pinto

Vermiculture Activity

To understand the importance of organic waste management and soil health a vermiculture activity was introduced to the students on 19th July 2025. The main objective was to introduce the concept of composting using earthworms, promote eco-friendly habits, and teach them the importance of recycling organic waste into nutrient-rich compost.

The students enthusiastically participated in the vermiculture activity under the guidance of the teachers. The activity began with a short explaining what vermiculture is and how earthworms help decompose organic waste. Students were given grass to put into the vermiculture compost area.

Learning Outcomes:

- Students gained hands-on experience in setting up and maintaining a compost bin.
- They learned about the role of earthworms in decomposing waste and enriching the soil.
- It developed a sense of responsibility towards the environment and sustainable practices.
- Encouraged teamwork and observation skills.

The vermiculture activity was a great success. The students showed curiosity and joy while working with nature. It fostered environmental awareness at a young age and highlighted the importance of organic farming and waste management. The compost produced will be used in the school garden, completing the cycle of learning and sustainability

Tr. Deanna Franco

Parents' Day

Parents Day Programme was organised for the parents of the Divine Child High School on 25th July 2025. The main aim behind this celebration was to honour and appreciate the vital role parents play in the growth and development of their children. Students presented a variety of cultural performances, including songs, dances, and skits, highlighting the love, sacrifices, and guidance of parents. The children who had shown steady progress in the previous academic year were applauded and awarded progress certificate as an encouragement to do much better ahead. The celebration successfully strengthened the bond between school and the families, leaving everyone with cherished memories.

Tr. Manorama Panchal

Annual Prize Distribution Report

Divine Child High School and Junior College celebrated its Annual Prize Distribution on 8th August 2025. The programme began with a lamp lighting ceremony followed by a prayer song, creating a positive atmosphere. Prizes and certificates were awarded to SSC toppers and students from Jr. KG to XII for their achievements. Students also showcased their talents through dance performances. The event inspired all students to strive for excellence. The programme concluded with a vote of thanks, expressing gratitude to the chief guest, parents, and staff.

Tr. Melvina D'Silva

Rakhi Making Activity

Divine Child High School held a Rakhi Making Activity on 11th August 2025 to celebrate Raksha Bandhan. Students made beautiful rakhis using creative materials. The event showcased their talent and love for tradition. It was an enjoyable activity for the students.

Tr. Shilpa Tavares

Patriotic Singing Competition.

On 14th August 2025, our school celebrated Independence Day with a thrilling Patriotic Singing Competition. This event showcased the exceptional talents of our students who sang soul-stirring renditions of classic patriotic songs, each bringing out their unique voice and style to the stage. Certificates were awarded to the prize winners for the same.

Tr. Sharmen Fernandes

Storytelling Competition – A Day of Magic and Imagination

On 21st August 2025, the school hall came alive with tales of adventure, laughter and lessons. Our little storytellers from Std.1 and 2 took the stage, confidently narrating their favourite stories with bright expressions. The audience was spellbound as each child brought characters to life through their voice and gestures. Certificates were awarded to the winners. The event not only boosted confidence but also sparked a deeper love for reading and storytelling among our young learners.

Tr. Sweedle D'Souza

English Elocution Competition

"A good speech is like a light, it brightens every mind."

The English Elocution Competition for Classes 3 and 4 was conducted in the school hall with great enthusiasm. The young speakers presented their topics with clarity, confidence, and expression. The judges for the competition were Tr. Beula D'Souza and Miss Roseanne Rodrigues. They appreciated the performances, encouraged the participants, and gave valuable suggestions on pronunciation, diction, and presentation. Their motivating words inspired the students to improve further. The competition helped the students build confidence but also enriched their vocabulary and communication skills. It helped them to overcome stage fear and develop the art of effective speaking. The event concluded with the declaration of results. The winners were congratulated, and every student was acknowledged for their sincere efforts.

Tr. Melvita Pinto

Har Ghar Tiranga

'Har Ghar Tiranga' is a campaign that started to encourage people to bring the Tiranga home and to hoist it to mark India's independence. Bringing the flag home collectively as a nation thus became symbolic of not only an act of personal connection to the Tiranga but also an embodiment of our collective commitment to nation-building. The idea behind the initiative was to invoke the feeling of patriotism in the hearts of the people and to promote awareness about the Indian National.

In order to bring the feeling of Patriotism and to bring awareness about the importance of our National Flag, we the Divine Child High School – Primary section, conducted various activities to celebrate our country's 78th Independence.

Tr. Sharmen Fernandes

SEPTEMBER 2025

Novena in Honour of the Blessed Virgin Mary

The school observed a Novena in Honour of the Blessed Virgin Mary during the morning assemblies. Each day, students and teachers came together in prayer, hymns, and reflections on the virtues of Mother Mary. To deepen the devotion, scenes from the various apparitions of Mother Mary were also presented, helping everyone understand her message of love and faith. The atmosphere was prayerful and uplifting, inspiring all to grow spiritually. The Novena concluded with special prayers for peace and God's blessings upon the entire school community.

Tr. Lidwina D'Silva

Handwriting Competition

A handwriting competition was organized for the students of Std. 1st to 4th on the 12th of September 2025. The aim of the competition was to encourage neatness, clarity, and good presentation in writing. All the students participated enthusiastically. They were given a short passage to write within the given time. The teachers judged this competition based on neatness, proper formation of letters, spacing, and overall presentation. It was delightful to see the effort put in by the children. Many students showcased very beautiful and legible handwriting. The winners from each class were awarded certificates to appreciate their skills. The competition helped students realize the importance of good handwriting in day-to-day life and motivated them to write with care and attention.

Tr. Lidwina D'Silva

Best Out of Waste Competition

"Creativity is making marvelous out of the discarded."

The Best Out of Waste Competition was held on 23rd September 2025 at Divine Child High School for the Primary Section. The activity encouraged students to think innovatively and to put their imagination into practice. Children used old newspapers, bottles, boxes, CDs, and other waste materials to create beautiful and useful articles. The enthusiasm and confidence of the participants reflected their concern for the environment and their creative potential. The event not only highlighted the importance of recycling but also inspired everyone to adopt eco-friendly habits in daily life.

All participants were appreciated for their efforts, and the winners were awarded certificates for their outstanding creations. The competition beautifully conveyed that waste, when used wisely, can be transformed into wonderful and purposeful creations.

OCTOBER 2025

Elders are the Pillars of our Building

Elders' Day was celebrated in Divine Child High School on 1st October 2025 with great enthusiasm to honour the love and wisdom of our grandparents. The programme began with a prayer service, invoking God's blessings for their good health and happiness. A melodious welcome song was presented by the students, followed by lively dances that brought smiles to everyone's faces.

A thought-provoking skit on the theme "Mobile: Connect to Disconnect" highlighted the importance of spending quality time with elders rather than being engrossed in gadgets. Fun spot prizes kept the grandparents engaged, and they joyfully participated in the

activities. The celebration concluded with the distribution of snacks and gifts, leaving the elders with cherished memories of love and respect.

Tr. Shilpa Tavares

Swachh Bharat Abhiyaan

Our school celebrated Swachh Bharat Abhiyaan on 3rd October 2025 to spread awareness about cleanliness and hygiene. This day was observed to mark Gandhi Jayanti, as Mahatma Gandhi always dreamed of a clean and beautiful India. Students from classes 1st to 4th took part in different cleanliness activities. They helped in cleaning classrooms, corridors and the school garden. Some students made posters and drawings showing messages like “Keep Your School Clean” and “Clean India, Green India”. Everyone enjoyed the activities and promised to keep their school and home clean everyday. The programme ended with a pledge taken by all students to work together for a clean and healthy India.

Tr. Sweedle D’souza

Reading Day

Reading teaches us to expand our minds, enriches our lives, shapes our dreams and inspires us to learn better.

Reading Day was organized for the students of Divine Child High School on 3rd October 2025. Children got an opportunity to read their favourite books. They actively participated and showed a lot of interest in reading. The main aim behind this was to inculcate the regular reading habit in every child as it develops a strong foundation for life long learning. Reading develops vocabulary and improves the communication skills. Overall, the Reading Day was a great success and helped in spreading the message that reading is the key to knowledge and imagination.

Tr. Manorama Panchal

NOVEMBER 2025

Sports Day

The Annual Sports Day was held on 19th December 2025 at Holy Family Ground with great excitement. The event began with a march past by the students, showing discipline and team spirit. Various races and games like running, relay, and jumping events were conducted.

Students participated actively and displayed their sportsmanship and enthusiasm. Teachers and parents cheered and encouraged the participants. Winners were awarded

medals and certificates for their achievements. The event promoted physical fitness and teamwork among students.

It was a joyful and memorable day for everyone.

Tr. Sharon Dias

DECEMBER 2025

Annual Day

Theme: Threads of Love

"Love is the thread that binds us all together."

Our school celebrated Annual Day on 7th December 2025 with great joy. The theme "Threads of Love" highlighted love, unity, and kindness. The programme began with a prayer and a warm welcome to the guests. The Primary Section students gave wonderful performances with dances, songs, and skits. Each act showed love for family, friends, and nature. Their colourful costumes and joyful expressions made the event lively and special. The Principal and Chief Guest appreciated the efforts of students and teachers. The programme ended with a vote of thanks. It was a memorable celebration for everyone.

Tr. Awreelia D'silva

Carol Singing

A class-wise Carol Singing Competition was conducted as part of the Christmas celebrations for the students of Std. III and Std. IV. The event was held in the classrooms on 20th December 2025, creating a joyful and festive atmosphere. Students of Std. III and Std. IV participated enthusiastically in their respective classes. Each group sang beautiful Christmas carols with great energy, coordination, and festive spirit. The classrooms were decorated with stars and Christmas decorations, adding to the cheer.

The judges assessed the performances based on voice quality, rhythm, expression, and teamwork. All the participants performed wonderfully and spread the true message of

Christmas - peace, love, and joy. The winners were appreciated and applauded in their respective classes. The activity brought happiness and togetherness among the students.

Overall, the competition was a delightful experience and was enjoyed by all.

Tr. Joanna Braganza

Ek Bharat Shreshtha Bharat Celebration

“Unity in diversity is not just a slogan, it is the soul of our nation.”

Ek Bharat Shreshtha Bharat was celebrated with great enthusiasm in our school, highlighting the rich culture and traditions of the state of Kerala. Students of Std. I prepared and shared traditional Kerala delicacies such as idli, dosa, appam, banana chips, and appe, giving everyone a delightful taste of the state’s authentic cuisine. Students of Std. II came dressed in traditional Kerala attire. The girls wore elegant kasavu sarees, reflecting the simplicity and grace of Kerala’s cultural heritage. Students of Std. III mesmerized the audience with graceful performances of Bharatanatyam and Kuchipudi, showcasing rhythm, expressions, and classical movements. Students of Std. IV displayed their creativity by preparing attractive scrapbooks depicting Kerala’s culture, festivals, food, dance forms, and lifestyle.

Tr. Beula D’souza

Action Song

“Move to the music and let your joy shine.”

An exciting Action Song Competition was joyfully conducted on 22nd January 2026 at Divine Child High School for the enthusiastic students of Std. I and Std. II. The event was organised to nurture confidence, creativity, and joyful learning among the young learners. Their performances beautifully showcased coordinated actions, rhythmic movements, clear expressions, and confident stage presence. Each child performed with energy and innocence, filling the atmosphere with happiness and laughter. The judges carefully evaluated the participants on the basis of actions, expressions, rhythm, and overall presentation. The students impressed everyone with their dedication and confidence, making the competition both entertaining and inspiring.

The event turned out to be a grand success and was thoroughly enjoyed by all. Such activities play a vital role in the holistic development of children by enhancing their confidence, communication skills, and love for learning. The competition truly celebrated the joy of learning through music and movement.

Tr. Melvita Pinto

Report on Republic Day Celebration

Republic Day was celebrated with great pride and patriotic spirit in our school. To begin the celebrations, a variety of competitions and activities were conducted on 17th January 2026 for students of Classes 1 to 4, creating excitement and enthusiasm among the children.

Students took part eagerly in a drawing competition, where they expressed their love for the nation through colourful pictures. The fancy dress competition was a visual delight, with children dressed as freedom fighters, soldiers, and national leaders. An essay competition encouraged students to share their thoughts on the importance of Republic Day.

The celebration also included energetic sports events, such as traditional Indian games and a fun-filled rally, which promoted teamwork and sportsmanship. The atmosphere was further filled with patriotism through patriotic singing and dance performances, showcasing the confidence and talent of the young participants.

The celebrations helped students develop a sense of national pride and unity. The Republic Day celebration was joyful, meaningful, and truly memorable for everyone.

Tr. Deanna Franco

FEBRUARY 2026

Clay Modelling

A Clay Modelling Competition was conducted on 4th February 2026 for students of Std. I and II at Divine Child High School. The activity aimed to encourage creativity and fine motor skills among young learners. Students enthusiastically created beautiful models using colourful clay. They made shapes like fruits, animals, flowers, etc. The children showed great imagination and enjoyed the hands-on experience. Teachers guided and motivated the students throughout the activity. The competition created a joyful and creative learning environment. All participants were appreciated for their efforts and creativity. The event was a great success and a fun learning experience for the students.

Tr. Mansi Tarve

“Unleashing Creativity: Collage Making Competition”

Creativity is seeing what others see and thinking what no one else ever thought.” -

Albert Einstein

A Collage Making Competition was held for Std. III on 4th and Std. IV on 5th of February, 2026 at Divine Child High School, exclusively for the students of the Primary Section. The competition was organized to foster creativity, enhance artistic skills, and provide a platform for children to express themselves innovatively. Students enthusiastically participated in the Collage Making Competition; they skillfully blended colours, textures, and images to craft visually appealing collages that reflected their imagination and creativity. The young artists showcased impressive creativity and attention to detail in their collages. Top entries from each category received certificates of excellence, motivating them to keep exploring their artistic side.

The collage making competition concluded on a high note, successfully nurturing creativity and showcasing the artistic potential of the students. It reaffirmed the school's commitment to fostering holistic development and encouraging artistic expression among its students.

Tr. Simone Rebello

General Knowledge Quiz Competition

A General Knowledge Quiz Competition was held on 10th February 2026 for all the students of Std. I and II. The aim of the activity was to make learning fun and to improve student's knowledge. The quiz was conducted in an interesting way where each student got a chance to answer questions individually. All the children participated with great excitement and confidence. The teacher encouraged everyone and appreciated their efforts. Winners were awarded with the certificates.

The quiz was enjoyable and successful, helping students learn new things in a fun way.

Tr. Sweedle D'souza

General Knowledge and Spelling Bee Competition

“Learning is fun and makes us strong!”

General Knowledge and Spelling Bee Competition were conducted by Std. III and IV students at Divine Child High School on 10th February 2026. Students showed off their knowledge about the world, spelled tricky words, and answered questions fast! The quiz had lots of cool topics like history, science, stories, sport, maps etc. The students were a bit nervous but super excited. They cheered each other on and worked together as a team.

They learned new facts, got better at spelling hard words, and felt proud of themselves. It sparked a curiosity to learn even more!

Best two groups were rewarded with certificates – they were all winners in their own way! It proved that with practice and teamwork, we can achieve anything! The students had a fun experience in learning new facts as well as increasing their confidence level to speak up on the stage.

Tr. Rohita Vaz

Report on Chhatrapati Shivaji Jayanti Celebration

“स्वराज हा माझा जन्मसिद्ध हक्क आहे आणि तो मी मिळवणारच” - छत्रपती शिवाजी महाराज

The birth anniversary of Chhatrapati Shivaji Maharaj was celebrated with great enthusiasm and respect on 18th February 2026 at Divine Child High School.

Various activities were organised class-wise. Standard 1 students enjoyed a colouring activity. Standard II prepared creative collages based on Shivaji Maharaj. Standard III students wrote essays in three languages - English, Hindi, and Marathi - along with poster making. Standard 4 presented a skit showing important events from his life.

The celebration was inspiring and helped students learn the values of courage, leadership, and patriotism.

Tr. Christina Pinto

Science Day

“The important thing is to never stop questioning.”

Science Day was celebrated on 26th February 2026 at Divine Child High School with great enthusiasm and excitement. The programme began with a prayer and a short introduction about the importance of National Science Day. Students of Std. I and Std. II were shown an informative video on Science Day. Std. III students delivered short speeches on the importance of science in our daily life. Std. IV students prepared science models and experiments and confidently explained their projects to teachers and other students. The exhibits were creative and informative. This helped students develop scientific thinking and curiosity. It was an interesting and educational experience for everyone.

Marathi Bhasha Diwas

“मराठी माझी मायबोली, तिचा मला अभिमान आहे”

२७ फेब्रुवारी हा दिवस आपण मराठी दिवस म्हणून साजरा करतो. हा दिवस महान कवी विष्णू वामन शिरवाडकर (कुसुमाग्रज) यांच्या जयंतीनिमित्त साजरा केला जातो. मराठी ही आपली मायबोली असून ती आपल्या संस्कृतीची ओळख आहे. या दिवशी आमच्या शाळेत मराठी दिनानिमित्त इयत्ता १ व २ च्या विद्यार्थ्यांनी Sharing Day साजरा केला. इयत्ता ३ च्या विद्यार्थ्यांनी Fancy Dress Day मध्ये उत्साहाने सहभाग घेतला. इयत्ता ४ च्या विद्यार्थ्यांनी मराठी दिनाविषयी सुंदर विचार आणि माहिती सादर केली. विद्यार्थ्यांनी मराठी भाषेचे महत्त्व जाणून घेतले आणि तिचा अभिमान बाळगण्याची शपथ घेतली.

Tr. Melvina D'Silva

APRIL 2026

Bal Mela

The Bal Mela was celebrated with great enthusiasm at Divine Child High School on 22nd April 2026. The event was organized to provide students with a joyful and memorable experience.

The day began with a peaceful prayer service, setting a positive tone for the celebration. Various fun-filled activities were conducted, including dancing and singing performances, where students showcased their talents with great excitement.

A movie was also shown for the students, adding to their enjoyment. Several games were organized, and students participated actively, making the atmosphere lively and cheerful.

The school made proper arrangements for refreshments. Students were served breakfast and later provided with a packed lunch. As a token of love, return gifts were also distributed among all the children. Overall, the Bal Mela was a grand success. It brought happiness to the students and created wonderful memories for everyone present.

Tr. Sharon Dias

Maharashtra Day

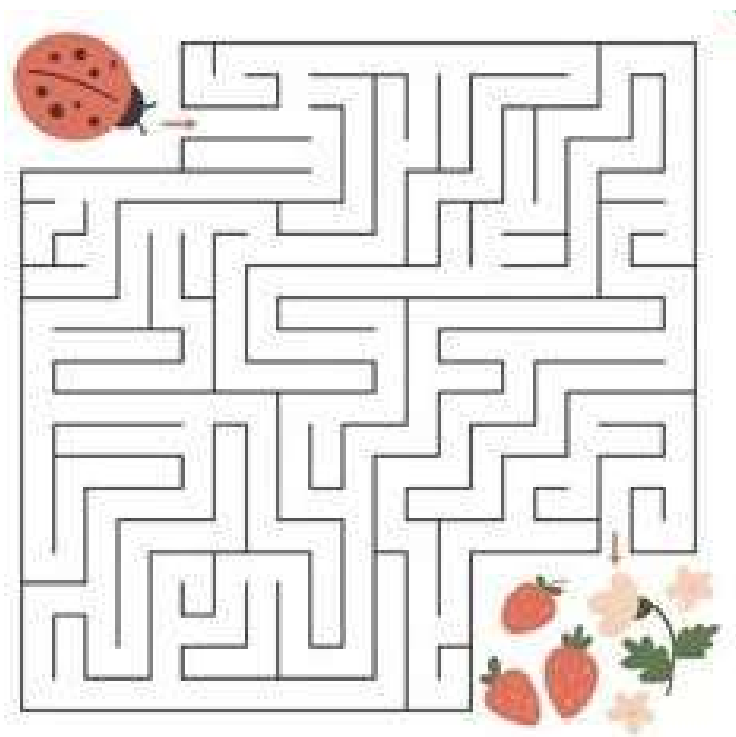

Maharashtra Day was celebrated with great enthusiasm and sense of patriotism in Divine Child School on 1st May 2026. The programme commenced with the hoisting of the National Flag by the Chief Guest, Mrs. Neomi Dias and the Guest of Honour, Sr. Reena, followed by the Flag Salutation and the National Anthem.

The guests were felicitated with bouquets and mementos as a token of appreciation. The students confidently expressed their love and respect for the state through their speeches, patriotic songs, and performances showcasing the rich heritage, culture, and traditions of Maharashtra.

The Chief Guest addressed the gathering and encouraged the students to uphold the values of hard work, discipline, unity and patriotism. The celebration was both educational and inspiring, reminding everyone of the significance of Maharashtra Day and the pride of being a part of this great state.

Jai Hind! Jai Maharashtra!

ACTIVITIES OF THE YEAR 2025 – 2026

SECONDARY SECTION

JUNE 2025

Staff Orientation Programme

A staff Orientation Programme was conducted on Thursday 12th June by Rev. Fr. Vincent Saldanha, an experienced educator with 39 years of service in the teaching field and expertise in English. The session centered on the theme of ***“Real self – Image and the Role of a Teacher”***. Fr. Vincent began with a thought-provoking question, *“Who are you?”*, leading to a discussion on the significance of literacy, information, knowledge, empowerment and skills in a teachers professional and personal growth.

He highlighted the importance of teachers presenting their authentic selves before students, setting clear expectations and maintaining a positive and inspiring classroom presence. He also emphasized the mutual responsibilities of teachers and students, encouraging self-awareness and sincerity in the teaching – learning process.

The Orientation was highly interactive, involving worksheets and on the spot activities that encouraged reflection and active participation. These activities included answering questions designed to help participants better understand their abilities and strengths. Drawing from his vast experience, Fr. Vincent shared valuable personal anecdotes, making the session both engaging and insightful. His inspiring delivery, practical advice and deep understanding of the teaching profession made the programme a truly enriching experience for all participants.

Handwriting Competition

A Handwriting Competition in all three languages (English, Hindi, Marathi) was organized on Friday 20th June for secondary students to promote good handwriting skills and encourage them to take pride in their written work. The competition aimed to assess student’s handwriting skills, creativity and attention to detail.

The judges evaluated the handwriting based on legibility, neatness, creativity and overall presentation. Winners of the competition were chosen class wise and division wise.

The handwriting competition event was a success and encouraged students to focus on developing good handwriting habits, which is essential for effective communication.

***Teachers in charge –
Tr. Candida Pereira & Tr. Morisa Misquitta***

Yoga Day Celebration

International Yoga Day was celebrated on Friday 20th June. The event was conducted in collaboration with yoga instructors Mrs. Sanjana Ghume and Mrs. Nanda Navandar, both with 15 years of experience in yoga instruction and training. The instructors were welcomed and the theme for this year's International Yoga Day: ***"One Earth, One Health"*** was informed.

The theme highlighted the interconnectedness of human well-being and ecological balance. The instructors emphasized the significance of yoga in maintaining physical fitness, mental control and overall health. They discussed the ancient roots of yoga in Indian culture, mentioning its presence in the Bhagavad Gita and its practice by Rishis like Vyas and Patanjali. They explained how yoga helps connect the heart, mind and soul through breathing exercises. The instructors conducted a session for all students from KG to Std 10 via the control room. The session included: (1) Breathing Exercises: The students were guided through various breathing exercises to promote relaxation and focus. (2) Yoga Practice: Students of Std. 8 participated in a yoga session in the school hall under the instructors' guidance.

The Yoga Day celebration was a resounding success, promoting awareness about the benefits of yoga and its significance in maintaining overall wellbeing. The event inspired students to incorporate yoga into their daily lives, fostering a healthier and more balanced lifestyle.

Tr. Anita Athaide & Tr. Syrona D'Silva

No Tobacco Day

In observance of world No Tobacco Day on Wednesday 25th June, our school organized a series of impactful awareness – driven events. The aim was to sensitize students, staff, parents and local community about the harmful effects of tobacco consumption and to promote a tobacco free lifestyle.

Special assembly was conducted featuring video and song, along with the message and facts read out.

Visual Awareness Campaign was conducted with placards displaying anti-smoking message during drivers meeting for school buses and private vehicles.

Students Rally was the major highlight conducted by primary and secondary sections, supported by Green Army sections students. The rally marched from school premises to Vijay Sales shop. Enthusiast chanting and student's engagement attracted attention of pedestrian and commuters. Prefects interviewed pan shop owners and questioned the reasons behind selling cigarettes. Shopkeepers expressed openness to rethink their

choice and acknowledged their concerns. Photographs were clicked outside school gate. Many passersby showed interest with commending students for the initiative and promising to make changes.

Tr. Jayaprabha Tiwar & Tr. Anns Stanley

JULY 2025

English Elocution Competition (V – VIII)

An 'Elocution and Poetry Recitation Competition' was held on Tuesday 8th July. Students from grade V to VIII participated with great enthusiasm. Participants recited poems and delivered speeches on various topics. Sarah Cardoza and Nicole Pujary were the judges. The competition was a huge success, helping students improve their speaking skills and confidence. Everyone enjoyed the event and looked forward to more such activities.

Tr. Rubina Chirayath

The Elocution Competition for grade IX and X was successfully conducted on Wednesday 9th July. The event was organized in collaboration with The Forum of Free Enterprise with the aim of enhancing student's public speaking skills and boosting their confidence.

The competition began with an introductory speech by Tr. Monisha who emphasized the importance of effective communication in today's world. A total of 16 participants showcased their eloquence and articulation on a variety of thorough–provoking topics such as -

Why I want to join the Defense Forces.

Importance of Time Discipline.

Benefits of reading newspapers.

Each participant was evaluated by a panel of esteemed judges – Miss Zenaida Fernandes and Miss Kenisha Saldanha. The criteria for judgement included content, pronunciation, confidence, presentation and elocution. The competition witnessed remarkable performances, with students demonstrating not only strong oratory skills but also deep understanding of their chosen subjects. After careful deliberation, the winners were announced.

The event concluded with a vote of thanks delivered by Tr. Monisha Khan acknowledging the efforts of all participants and thanking the judges for spending their valuable time. The competition served as a great platform for students to express their ideas and sharpen their communication abilities.

Tr. Monisha Khan

Green House Feast – St. Maria Goretti

To celebrate the feast of St. Maria Goretti, on Wednesday 9th July, the Green House conducted a special assembly on the life of St. Maria Goretti, highlighting her virtues of purity, forgiveness and faith. Through prayers, skit, speeches and hymns, the assembly inspired the students to follow her example in their daily lives.

As part of the celebration, they also organized a Canteen Day, where the students and teachers prepared and served tasty and hygienic bhel. The event not only brought joy but also fostered a strong sense of teamwork, creativity and service among the students. All profits collected from the canteen sale were contributed towards an outreach programme aimed at supporting the less fortunate and bringing smiles to those in need. This initiative truly reflected the values of compassion and charity lived out by St. Maria Goretti. The event was a grand success, thanks to the dedication of the Green House team and the support of all who participated.

Tr. Cyren Pereira

Science Club – Water Testing Activity

On Saturday 12th July, Science Club students of Stds. 7th to 10th, participated in water testing activity. The students got water samples and with the help of the teachers, they performed seven different tests on water as an experiment to test it. The students enjoyed watching the litmus paper and ph paper change colour, watching under the microscope, the changed water colour and following various tests. Towards the end, they compared the samples and found which sample was purer as compared to the other.

Meanwhile, the students of Std. 5th and 6th participated in a quiz competition. The student participants were greatly cheered by their fellow mates. Even the audience enjoyed answering a few questions and receiving small gifts. The students enjoyed finding new knowledge.

Tr. Joanna Misquitta

Eco Club & Nature Club – Ek Ped Maa Ke Naam

‘Ek Ped Maa Ke Naam’ campaign was organized by Nature Club and Eco Club teachers on Wednesday 16th July. The campaign objective to promote environmental protection and honour motherhood, resonated well with the students, who actively participated by planting saplings at their homes. The campaign’s emphasis on emotional connection with mothers and the environment is noteworthy. By involving students, teachers and parents, the initiative fosters a sense of community and responsibility towards the planet. It was heartening to see the enthusiasm and smiles that came with making homes “greener and cleaner.”

Vanamahotsav Celebrations

The school community gathered together to conduct assembly on Vanamahotsav. It was conducted by the students of Nature Club and Green Army. At the assembly, students presented a skit on Chipko Movement to illustrate the importance of conservation of trees. The highlight of the Assembly was to create sensitivity and awareness among students and to make them reflect and act on the need of saving forests. Sr. Principal along with the supervisor addressed the crucial need of protecting trees and being guardians of nature.

Vermi Composting

Vermiculture was initiated by the students of Nature Club in collaboration with green army and eco club. The activity of vermi composting was conducted on Friday 18th July by Nature Club and on Monday 18th August by Eco Club. Students collected dry leaves from the school campus, deposited them in the vermin-composting tank and learned about processing it. They were also educated on the importance to reduce waste and creating sustainable solutions.

Green Detectives

A training-cum practical session was conducted by Project Mumbai for the students of Nature Club and other clubs. Students played roles as Detectives in their assigned groups and detected different types of wastes in the school campus. They also suggested different ways to reduce waste. This session was a blend of fun and learning.

Poster and Slogan Competition

Poster and slogan competition was organized by Eco Club in collaboration with Nature Club for the students. Students' representatives from different classes crafted stunning visuals and inspiring slogans highlighting environmental awareness. The posters featured vibrant colours and impactful themes on tree planting, forest conservation, etc. The competition showcased the creativity and passion for environmental conservation, spreading a forceful message about the need to protect and safeguard our planet Earth.

Winner Classes:

Tr. Ronica Rodrigues

Inter-house Folk Dance Competition

The school hosted a vibrant harvest-themed Inter-house Folk Dance Competition on Saturday, 19th July 2025, celebrating India's diverse culture traditions through spirited harvest-themed folk dances. Performances by all four houses brought to life, rich folk

traditions of states like Uttarakhand, Karnataka, Bengal, Maharashtra, Telangana, Tamil Nadu, Punjab and Goa. Esteemed alumni and cultural artists Ms. Aayushi Parmar and Ms. Jeevika Shetty judged the competition. The event beautifully highlighted unity in diversity, encouraging students to stay connected to their roots while showcasing talent, teamwork and tradition.

Tr. Vanessa Carvalho

Best out of waste

On Monday 21st July, the Eco Club organized various engaging activities, showcasing students' creativity while promoting environmental sustainability.

Students crafted unique greeting cards using repurposed materials like old clothes, leaves, flowers, pencil shavings, laces, etc. They used embroidery work to add a personal touch, making each card a special one. Students also showcased their innovative skills by preparing cloth bags, making creative items using coconut shells and many more. Beautiful and valuable things were made out of waste. These activities not only highlighted the creativity of students but also spoke volumes about the importance of reducing, reusing and recycling.

Glimpses of Project Mumbai Seminars

Starting July right through September, Project Mumbai led by Mrs. Sonal a representative, conducted seminars and activities – one each month, for the Eco Club students, with alignment to Zero Waste.

One of the sessions conducted was a thought-provoking experience by Mrs. Sonal. The engaging activity on *Carbon Footprints* was presented through an interactive PPT. The session highlighting reduction of carbon footprints, took an emotional turn as Mrs. Sonal emphasized that “We are here to leave footprints of love, not of carbon”.

AUGUST 2025

Visit to Vinayalaya Retreat House - Outreach

On Monday 4th August 2025, the students of Std. 5th – 7th visited the aged and sick priests at Vinayalaya Retreat House. The visit was organized to show love, respect and care towards the elderly fathers who have dedicated their lives to serving God and the community.

The children performed songs, prayers and dance to bring joy to the fathers. We also gifted handmade cards and small gift hampers as token of gratitude. During the interaction,

the students asked the fathers, question about their journey into priesthood, their experiences in serving the Church and the lessons, they learned while dedicating their lives to God. The fathers patiently answered and shared their inspiring stories, encouraging the children to lead a life of faith, kindness and service. The visit created a warm and joyful atmosphere. It taught us the value of compassion, respect and service towards elders. Everyone returned to school with smiles and a heart full of happiness.

Student

Raksha Bandhan Celebration

The festival of Raksha Bandhan was celebrated on Thursday 7th August, 2025. On this occasion, during the school prayer service, a video was shown to the students about the importance of Raksha Bandhan. Students from Std. 5th to 8th engaged in a Rakhi-Making activity. They brought their own material and made beautiful rakhis. It was a joyful and meaningful day for everyone.

***Teachers in Charge –
Tr. Swati Bhagat & Tr. Ruth Misquitta***

Cleanliness Drive

Eco Club and Nature Club organized a cleanliness Drive where students took to cleaning the school premises – corridors, classrooms and grounds. Waste was segregated into different categories ensuring proper disposal. The effort not only beautified the school but also promoted environmental responsibility among students.

Annual Prize Distribution

“Success in the sum of small efforts, repeated day in and day out”- Robert Collier.

The success of our students in academic arena was celebrated on Friday 8th August, 2025. The chief guest for the day was Mrs. Aditi Pai, an ex-student of our school and now a CFD in a multinational company. The Guests of Honour for the day were the proud parents of the SSC and HSC toppers, and a number of other dignitaries.

Invoking God’s blessings at the start of the programme followed by an array of performances by the school and college students, presentation of the School Report by the Principal, releasing of the school magazine, and the felicitation of students for their excellence in the previous academic year, all summed up an entertaining morning. It was a memorable day for all the students as they experienced great joy and happiness on begin acknowledged and appreciated for their success.

Tr. Joyce D’Souza

Hindi Elocution Competition

The Hindi Elocution Competition for Std. V-VIII was held on Tuesday 12th August, 2025. 58 students participated with great enthusiasm and expressed their views on relevant topics eloquently. The competition was fairly judged by Tr. Sushma Madgulkar and Tr. Samruddhi Salavi. The judges marveled at all the performances and spoke words of appreciation and encouragement. Best speakers were declared winners.

Teachers In charge
Tr. Neeta Upadhyay, Tr. Eureka D'Silva

Marathi Elocution Competition

A Marathi Elocution Competition was held on Wednesday 13th August, 2025 for the students of Std. 9 and 10. The topics were related to the new generation, and all participants expressed their views well and presented their speeches very confidently.

Teachers In charge
Tr. Swati Bhagat, Tr. Sujata Jadhav

Independence Day (Prayer Service)

In anticipation of Independence Day, a solemn prayer service was conducted on Thursday 14th of August, 2025. Students of Std. VIII, IX, X participated in the prayer service dedicated to all those who struggled to achieve freedom for our country and also for those faithful soldiers who guard our borders and they may shoulder the responsibility towards our nation with a sense of pride and utmost love.

Tr. Sudha Titus

Patriotic Singing Competition

The Inter-house Patriotic Singing Competition was held on Thursday 14th August, 2025.

The judging criteria was quality, clarity, timing, mastery of lyrics and stage presence. The judges Miss Simran Barodawala and Miss Vrusti Shah congratulated the winners and appreciated the performance of all the participants and also encouraged them to keep participating in competitions and enhancing their talent.

Tr. Rojestina D'Souza

Session for Std. 10 students

On Friday 22nd August 2025, the students of Grade 10 were pleased to have Fr. Dean and Fr. Joachim as resource speakers to unfold the unanswered questions that we were never comfortable to ask. The day before we were told to put down our questions anonymously on rough paper and submit them to our respective class teachers. Our questions were classified into three sections: belief, skill and relationships.

To believe is to have faith, be it in God or ourselves. In skills, Fr. Dean spoke about our emotions and behaviour. He gave us advice on how to manage our emotions. He consoled us by saying that showing emotions is okay and we should never hide them instead, we should stand up for ourselves. Relationships are the most vital part of human life. At some point in our life, everyone has faced peer pressure. We often also face pressure from our families which leads to mental stress. Fr. Dean taught, how to overcome this matter. We were all pleased and grateful to have Fr. Dean and Fr. Joachim for this wonderful session which was helpful for every individual in the present and also will be in the future.

Sachi Shetty & Madiha Khan (Students – X-B)

Yellow House Feast – St. Rose of Lima

The Yellow House students and teachers celebrated their feast on Saturday 23rd August, 2025 with a well-conducted assembly on their patron saint – Saint Rose of Lima. The assembly prayer service began with an introduction of Saint Rose, followed by a video based on her life. The service also included a prayer to Saint Rose, a beautiful hymn and intercessory prayers. A skit performed by students and a PowerPoint presentation showcased the virtue of generosity demonstrated by Saint Rose during her lifetime. The assembly concluded with the prefects singing the feast song wishing everyone a happy feast day!

Inspired by the value of generosity, the Yellow House organized a collection for the Home for the Aged.

Tr. Joanna Misquitta

Report on Robotics Sessions (Academic Year 2025–2026)

In the month of August 2025, Divine Child High School and Junior College introduced Robotics sessions during the academic year 2025–2026 as a progressive initiative in response to the rapid growth of Artificial Intelligence and robotics. Under the guidance of the Sr. Principal, this initiative aimed to provide students with early exposure to emerging technologies and future-ready skills.

Students from Std. V to Std. VIII participated in weekly robotics sessions, designed to foster curiosity, creativity, and innovation. These sessions were conducted by Sir Ibrahim, who guided the students through hands-on learning experiences. Each week, students assembled in the computer laboratory equipped with their robotics kits. During the one-hour sessions, they worked on practical, real-life projects that challenged them to think critically and develop innovative solutions using robotics. The interactive nature of these sessions helped students better understand the fundamentals of robotics, coding, and problem-solving.

The initiative proved to be a significant step in introducing students to the world of technology at an early stage. It not only enhanced their technical knowledge but also encouraged them to explore potential career paths in robotics and related fields, which are rapidly growing and offer promising future opportunities.

The management strongly encourages both parents and students to actively participate in and support such initiatives in the coming academic years, ensuring that students continue to benefit from these valuable learning experiences.

Sir Chris Lunis

SEPTEMBER 2025

Teachers' Day Celebration

In anticipation, the day 4th September was celebrated with great enthusiasm and respect to honour the contribution of teachers in shaping our lives. The day began with a special assembly highlighting the importance of teachers. Students spoke about the role of teachers in guiding and inspiring us and shared thoughtful messages expressing gratitude.

The cultural programme opened with a warm welcome song performed by the primary and pre-primary students. Their performance set a joyful and cheerful tone for the event. The energetic western dance, the soulful qawwali performance and the prefects dance, added the 'wow' touch to the celebration. A meaningful skit was also presented, showcasing the dedication and hardwork of teachers in a creative way. The beaming faces of teachers told a story of feeling loved and appreciated. A memorable event indeed!

Pearl Collaco (Head Girl)

Annual Inter-house Dramatics Competition

"When creativity met confidence, brilliance unfolded on Stage".

The Annual Dramatic Competition held on Tuesday 23rd September, 2025 was an event held to emphasize the importance of drama in fostering creativity, confidence and communication skills among students. The competition witnessed enthusiastic participation from all the four houses, each staging a play on light – hearted comedy. The performances were marked by powerful dialogue delivery, expressive acting and effective use of costumes, props and music.

The panel of judges, comprised of Fr. Brian D'souza, Bro. Rohan Almeida and Sr. Anna evaluated the plays on the basis of content, creativity, acting, stage presence and overall impact. It was a keen competition, and the judges in their concluding message

congratulated all students and appreciated the efforts of all participants. The event not only provided a platform for students to exhibit their dramatic talent but also instilled in them the values of team-work, discipline and self-expression.

The Annual Dramatic Competition was a grand success and will be remembered as one of the most engaging event of the academic year.

OCTOBER 2025

Blue House Feast – St. Therese of Lisieux

St. Therese of Lisieux is the patroness of the Blue House and on Wednesday 1st October, the students and teachers of this house promoted the virtue of Love, because St. Therese lived her entire life reflecting the virtue of love. In her biography 'story of my soul', she emphasized the true spirit of love evolves from simplicity, acceptance, tolerance and gratitude.

St. Therese's life was portrayed at the special prayer assembly through a short skit and students got a glimpse of her strong desire to pray for others' needs. Prayer also included intercessions to the saint who had promised not to leave the feet of Jesus, until the prayer of petitions are answered and the assurance will be substantiated by shower of roses in a mysterious way. We believe she is consistently praying for everybody's needs in heaven; saving souls leading them to God. Hopefully, her life will inspire others to live a life rooted in LOVE and radiating this love all around.

NOVEMBER 2025

Intra School Science Exhibition

Intra School Science Exhibition was planned and executed on Tuesday 11th November, 2025. Class V-VIII (Junior Group) and class (IX-XII) senior group participated in this exhibition. They worked on topic ranging from AI in agriculture, medicine, transport to innovation in transport, communication and waste management. Each exhibit reflected tremendous effort, interest, enthusiasm and great potential. Science teachers evaluated the projects and the best ones were selected from each class and displayed in the school library. Wednesday 12th November, 'Open Day' offered an opportunity for parents to view the exhibits.

The selected projects were forwarded to KP East Ward inter-school competition held at St. Arnold High School, Andheri East, slated for the 10th, 11th and 12th December. Divine Child High School Junior and Senior Group entered the competition on the same theme

“WASTE MANAGEMENT” and secured 2nd place in the junior level under the able guidance of Tr. Minal and Tr. Brinal, and 3rd place in the senior level under the able guidance of Tr. Anns and Tr. Fatima. They were felicitated during school assembly; their success was celebrated by displaying their trophies to the entire school.

Tr. Sudha Titus

Children’s Day Celebration

Divine Child High School and Jr. College celebrated ‘Children’s Day’ on Friday 14th November, 2025 the birthday of Chacha Nehru with great pomp and gaiety. The school began with a solemn prayer service invoking God’s choicest blessings on all our children and also all children around the world. Special prayer requests were also made for their well-being.

Later, the children participated in various programmes conducted by their class teachers in their respective classes. Students were also taken to watch the movie ‘Sitare Zameen Par’ in the nearby Sangam Cinemas. Younger children enjoyed a wonderful jam session on the school grounds. They also relished Ice-cream candies given by Sr. Principal. The children were overjoyed with the day’s proceedings and went home joyfully.

Tr. Violet Fernandes

“Students in Action: Juhu Beach Plastic Clean-up”

On 15th November, our Std. VIII school students of Nature Club had gone on a beach clean-up. On reaching Juhu beach at 7:15am, we took a short morning walk and enjoyed the fresh sea breeze. At the start of the action, we took a quick Zumba session to warm up. The organizers then explained the purpose of the activity, which was to clean the beach by collecting plastic and microplastics. We were divided into groups and provided with gloves, shovels, masks and large bags for collecting the waste. We collected as much plastic as possible. The activity helped us understand how harmful plastic pollution is and how important it is to protect our environment. At the end of the activity, each student was presented with a thoughtful gift – a compass box made from recycled éclair wrappers. The beach clean-up was a meaningful experience and taught us teamwork, responsibility and care for nature.

Student – Janice Fernandes, VIII-B

A Visit to The Beach

The girls of Divine Child High School actively participated in a Juhu Beach Cleaning Drive as members of the Nature Club. This meaningful activity was organized by Project Mumbai with the aim of spreading awareness about microplastic, cleanliness and protecting the environment.

The students enthusiastically gathered at the beach in the morning and worked together to clean the surroundings. Wearing gloves and carrying garbage bags, they collected plastic waste, bottles, wrappers, and other litter scattered across the shore. Their hard work and dedication helped make the beach cleaner and safer for marine life.

The event also taught students the importance of teamwork, responsibility, and caring for nature. They learned that even small efforts can bring positive change to society and the environment.

The Beach Cleaning Drive was a great success and inspired everyone to keep our beaches clean and beautiful. It was truly a memorable and educational experience for all the students.

Tr. Violet Fernandes and Tr. Sonal Vaidya

Paper Recycling

Under the guidance of the teacher, Eco Club organized a week-long paper recycling activity in the month of November. Waste paper was cut and soaked on Thursday 20th and on Friday 21st, the girls mached it into pulp, added colours and tried making sheets. They used a sieve, muslin cloth and also a cotton cloth to extract excess water. The results were observed on Monday 24th and researched for a better method. They spread out the paper pulp on plastic sheets collected from students, and allowed it to dry for two days. The results were successful. By Wednesday 26th, they created several neat handmade sheets, some of which was decided to use for decoration. The students enjoyed doing this activity. It helped them understand recycling, sustainability and creative reuse of handwritten paper.

Canva's Poster-making

Through the month of November, Eco Club conducted a progressive activity – a Poster-making activity using Canva, a digital design platform, to promote environmental awareness. Students enthusiastically participated, creating visually appealing posters that emphasized ways to safeguard the environment.

By means of Canva's user-friendly interface, students designed posters with impactful messages and graphics, focusing on themes like reducing plastic waste, conserving water, etc. The activity encouraged creativity while spreading awareness about environmental conservation. The posters created by students were then installed as wallpapers on school desktops as well as on Educoms, ensuring the important message of conservation reaches every learner, promoting environmental awareness throughout the school community.

Red House Feast – St. Cecilia

On Monday 24th November, the school community gathered together to celebrate the feast of St. Cecilia, the patron saint of music and musicians. The meaningful prayer assembly began with a brief introduction to the life and significance of St. Cecilia, highlighting her devotion to God and her love for music. The highlight of the assembly was a beautiful rendition of a hymn dedicated to St. Cecilia, sung by the school council members and red house students followed by a short skit depicting the life of St. Cecilia.

Sr. Principal emphasized the importance of music and art in our lives and how they can bring us closer to God. Sister encouraged the students to cultivate their talents and to use them to serve God and others. The assembly concluded with the feast day song.

Tr. Ronica Rodrigues

Constitution Day

Divine Child High School celebrated 'Constitution Day' on Wednesday 26th November, 2025. The significance of the day was highlighted and explained during School Assembly. The highlight of the assembly was as follows –

Samvidhan Divas – Introduction

Prayer song, 'where the mind is without fear'.

Significance of the constitution was explained through Documentary videos.

Skit – Students performed Role plays e.g.: Dr. Rajendra Prasad, Dr. Babasaheb Ambedkar, narrating each one's role in the making of the constitution.

The school took the pledge as stated in the preamble.

Patriotic song based on the significance of the day was sung by students.

The Assembly concluded with the singing of the National Anthem.

Tr. Violet Fernandes

Sustainability Mela

The Sustainability Mela organized by Project Mumbai was held at Children's Academy, Malad. Many schools participated in this meaningful initiative, and we were fortunate to be a part of it.

Students had enriching hands-on experiences through various activities such as fabric recycling, creative gift-wrapping using magazine papers, Blink it and Zepto bags and cloth materials. A 'Green Reading Corner' further encouraged awareness and reflection on environmental sustainability. Following these activities, students enjoyed a guided walk through the exhibition area, where they learned to identify and segregate wet and dry waste. They were also introduced to concepts like fabric painting, fabric recycling and other eco-friendly practices, which enhanced their understanding of sustainable living. Interactive sessions made the experience both inspiring and memorable.

Our school was awarded the "Showstopper Award" marking a moment of pride and joy for this great achievement. It was a day of immense learning, and a deepened love and respect for the environment.

Annual Day

The Annual Day was celebrated with great enthusiasm and grandeur on a theme ***"Beyond the Spotlight"*** on Saturday 6th December, highlighting the importance of family as foundation of life, of values, love and togetherness. The evening commenced with a warm ceremonial welcome to the esteemed Chief Guests, dignitaries, parents and students. The award-winning school band played with elegance and discipline as the Head Girl, Asst. Head Girl and House Prefects led the dignitaries with dignity and pride.

The charming presence of the cute Sr. K.G. little girls, enhanced the welcome on the occasion. The cultural programme began with a melodious welcome song by the Sr. K.G. girls. The Musical showcased the message that true strength comes from family bonds and faith. The Jr. College students too, put up an energetic performance. All in all, the Annual Day celebration was a grand success, leaving the audience inspired, enthralled and proud of the students' talents and efforts.

Tr. Anns Stanley & Tr. Ronica Rodrigues

Fabric Recycling and Cloth Bag distribution

As part of an Eco Club activity, students were encouraged to prepare cloth bags with old school uniforms or other fabric materials, promoting the idea of reusing old clothes and practicing fabric recycling. The students were on a mission during our Annual Fete on

Saturday 6th December, explaining to parents and visitors who had brought along plastic bags, the importance of avoiding plastic, highlighting their harmful consequences and offering a cloth bag in exchange. People were grateful for this thoughtful gesture and the awareness provided.

The students felt happy and fulfilled in giving something useful to others. Additionally, some cloth bags were donated to clothing stalls so that people who purchased clothes could be given cloth carry bags made by students. This spread small moments of joy and immense satisfaction for the students. Overall, it was a rewarding and enriching experience.

Soil Day Assembly

Soil Day was celebrated on Tuesday 9th December with an informative and interactive assembly. Students expressed their gratitude for this essential resource.

A creative role play titled “**The Soil Courtroom**” showcased soil sharing, its complaints with witnesses like rain water, earthworms, farmers and industrialists offering their perspectives. An interview segment “**The Hidden Hero Under Our City – Soil**”, highlighted how soil silently supports life with insights from a scientist and the city major. The assembly concluded with students pledging to protect soil. Uplifting songs with strong messages reinforced the importance of caring for this vital resource.

Sports Day

On Saturday 19th December, the school Annual Sports Meet was packed with excitement and enthusiasm.

The event began with the arrival of the dignitaries accompanied by the School Band. The torch lighting ceremony inspired the spirit of sportsmanship. The House-wise March Past displayed excellent discipline and coordination by the students. The exciting and energetic P.T. displays, the Legim display adding cultural charm and the track events (of students, staff and parents) were worth a watch. All events highlighted discipline, teamwork, sportsmanship and excellence, leaving a satisfied impression on all.

Jinisha Gala, Asst. Sports Prefect

Christmas Class Decoration

On the occasion of Christmas celebration, Eco Club organized the Class Decoration Competition to keep the festive spirit alive. Students were encouraged to recycle materials for decoration promoting creativity and environmental awareness.

The students came up with many innovative ideas. Some prepared Advent candles with used perfume bottles, others created wreaths using washing machine pipes, while a few others used gift bags to design cribs, prepared stars using newspaper, etc. Many more

creative decorations added colour and joy to the classrooms. The competition not only enhanced the festive atmosphere but also helped students understand the importance of recycling and sustainable practices.

Carol Singing Competition

A carol singing competition was organized in our school on Monday 22nd December to celebrate the joy and spirit of Christmas.

Students from different classes (V-X) participated in the competition. Each group presented melodious Christmas carols that reflected the message of love, peace, hope and joy. The participants sang with great confidence, harmony and devotion, spreading the true spirit of Christmas among everyone present. The competition was judged by Miss Samantha and Mr. Neo. They appreciated the efforts of all participants and encouraged them to continue using music as a means to praise God. The atmosphere was filled with joy, reverence and festive cheer.

At the end of the competition, the winners were announced and certificates distributed. The programme concluded with a vote of thanks, expressing gratitude to the judges, teachers and students for making this event a grand success. The carol singing competition helped students deepen the meaning of Christmas and promoted unity, teamwork and spiritual growth. All participants gave wonderful performances in spreading the true spirit of Christmas through music.

Tr. Joyce D'Souza & Tr. Velencia Fernandes

JANUARY 2026

Savitribai Phule Jayanti

On the celebration of Savitribai Phule Jayanti on Saturday 3rd January, students paid tribute by singing inspirational songs and delivering speeches highlighting her remarkable contribution to society. The students also performed a short skit showcasing her journey and dedication towards education. The celebration concluded by an enlightening address by the Principal, inspiring students to uphold the values of Savitribai Phule and strive towards building a just and better society.

Tr. Swati Bhagat

Republic Day

On 26th January, 2026 Divine Child High School celebrated the 77th Republic Day of India. The Day began with students, teachers and all staff gathered together for the unfurling of the national flag. After the flag-hoisting ceremony, a few students spoke about the

importance of Republic Day. This was followed by Tr. Sudha speaking on the importance of the Constitution of India and Tr. Rojestina leading the girls into a soul-stirring medley of patriotic songs on our Constitution. The thought-provoking speech of our Chief Guest Mr. Shirish Sebastian was the highlight of the day's programme.

The day ended with the Principal leading the way to view the wonderfully displayed exhibition on the Constitution which also included a selfie point.

Tr. Joanna Misquitta

Marathi Bhasha Sanvardhan Pandharwada

Marathi Bhasha Sanvardhan Pandharwada was celebrated at Divine Child High School from 14th to 28th January to promote awareness and appreciation of the Marathi language and culture.

During this period, several activities and competitions such as drawing, slogan writing, Marathi poem recitation and Marathi quiz were organized. Students also watched Marathi films and participated in a Prabhat Pheri to highlight the significance of the language.

The celebration concluded on 28th January with a special Marathi assembly, where prayers were conducted in Marathi and an informative video on the importance of the language was shown. Students enthusiastically dressed up as notable personalities like Shivaji Maharaj, Savitribai and Jijabai, making the event both educational and inspiring.

Student Council Installation Ceremony 2026–2027

On Wednesday 28th January, the Student Council Installation Ceremony for the academic year 2026–2027 was held in the school hall. The programme began with the march of the outgoing and incoming councils, followed by a prayer led by the Principal, Sr. Olivia Fernandes.

The Principal thanked the previous council for their service. The Head Girl, Pearl Collaco, then handed over her responsibilities to the newly elected Head Girl, Alisha D'Souza, who took her oath and was presented with the flag, sash, and badge. She introduced the Assistant Head Girl, Krystal Bonamis, and her team.

The new council members took their pledge and received their sashes and badges. The ceremony concluded with the prefects singing the school anthem.

Tr. Anns Stanley

Science Day

On Thursday 26th February 2026, the Science Club members conducted the National Science Day. The club members along with their teachers conducted an assembly which included science related petitions, presentation on Indian scientists, science son and cool scientific facts. A skit based on how science discoveries were used to save our planet, was also presented.

After the assembly, students of Science Club and the teachers conducted a debate competition on the topic: **'Is technology making humans lazy?'** Members of the Science Club learned the importance of using technology in the right way, so that it remains a boon and not a ban. Thus the day ended with students wishing each other a scientific day ahead.

Tr. Joanna Misquitta

Debate Competition

The Annual Debate Competition for the School and Jr. College levels was held on Thursday 26th February 2026. The topic for the competition was **"Has Technology made Humanity Lazy?"**

Two teams comprising of 5 students each, from the Science Club participated in the competition. Both teams rallied around Technology – its uses and development brought through it versus how it is responsible in making human inactive and retardant. Both the teams stood their ground with their strong arguments. This competition was judged by Tr. Monisha Khan & Tr. Anns Stanley. The moderator on the dais was Tr. Violet Fernandes. Tr. Mary Devaraj assisted in the clerical and management of the competition. Both teams put forth strong arguments making it difficult for the judges to give an outright judgement. They both consensually agreed to declare both teams, winners.

Tr. Violet Fernandes

Principal's Day

On Wednesday 25th March, excitement filled the air as everyone was geared to celebrate our Principal Sr. Olivia's birthday. A special assembly was conducted by the teachers and prayers were offered by abundant blessings from God Almighty on her.

The entertainment programme comprised of a short presentation on Sr. Principal, a few words spoken by a student, singing of the birthday song and presenting a birthday card by the Student Council, at the assembly. After which, the hall reverberated with the sound

of music and dance where the students from the tiny tots to the youngsters, entertained Sr. Principal. It was a happy day not only for our Principal, but for all!

Tr. Joyce D'Souza & Tr. Joanna Misquitta

Green Army Club Report 2025-2026

The Green Army Club comprising students from Std. 5th to 9th has been actively implementing various eco-friendly initiatives in the school throughout the academic year, fostering environmental awareness and responsibility among students.

One of the key activities undertaken by the club was the implementation of twice-daily classroom cleanliness checks. Each class was assessed and awarded marks out of five, and the prestigious 'Green Army Cleanest Class Award' was presented every fortnight. This initiative successfully motivated students to maintain a clean, organized and hygienic learning environment.

The club also emphasized effective waste management practices by introducing colour-coded bins for the segregation of wet waste, dry waste and e-waste. Alongside this, a strong 'No Plastic' campaign was promoted within the school premises to reduce plastic usage. The Green Army conducted regular green audits to monitor energy usage, water usage and cleanliness across classrooms.

A special initiative, the 'Plastic-Free Tiffin Challenge' was introduced to encourage students to reduce plastic in their daily lives. In addition, water conservation was given priority through daily monitoring of taps to prevent leaks and wastage. Each class also appointed an 'Energy Monitor' responsible for ensuring that electrical appliances were used responsibly.

Green Army Club has successfully instilled eco-friendly habits among students and contributed significantly towards creating a cleaner, greener and more sustainable school environment.

Tr. Vanessa Carvalho

Science Club Report 2025-2026

The Science Club prefects and teachers began planning and inviting members for their club right from the month of June and club representatives for each class were selected. From the month of July, various activities were conducted for the members – these included visits to the Science laboratory, learning more about plants, water testing, quiz competitions, composting, creating digital posters, a nature trail during the camp trip, "Learn and Discover Science" sessions, an intra-school science exhibition, and maintaining personal science journals.

The members actively participated in these activities which helped open their minds to the wonders of science. They were diligent and enthusiastic and enjoyed learning through experimentation.

Tr. Joanna Misquitta

ACTIVITIES OF THE YEAR 2025 – 2026

JUNIOR COLLEGE

INTERNATIONAL YOGA DAY: A Journey Within

“Yoga is the journey of the self, through the self, to the self.” - Bhagavad Gita

Every year on June 21st, millions of people across the world roll out their mats to celebrate International Yoga day. But what does this ancient practice mean for us, especially as Jr. College Students juggle classes, exams, extracurriculars, activities and the chaos of teenage life. *What is Yoga ?* It is much more than just physical exercise. It's an ancient practice that harmonizes the mind, body and spirit. The term “Yoga” is coined from the word “yuj” in Sanskrit which means “to unite”. Yoga helps us connect through Asanas (postures), Pranayama (breathing techniques), Dhyana (meditation).

Yoga helps in –

- | | |
|--------------------|--|
| Stress Relief | - 10min of yoga can calm the mind. |
| Better Focus | - Breathing exercises sharpen concentration. |
| Improved Posture | - Say goodbye to slouching. |
| Emotional Strength | - Yoga builds inner peace. |

Our College's Yoga Day celebration was held in the College hall, wherein students and teachers participated wholeheartedly. The energetic session was led by Tr. Anu and Tr. Vidya. We practiced Warm - ups, Titliasana, Gomukhasana, Tadasana and Vrikshasana.

*A Call to Action – Let Yoga Day be a start not the end! We promised to integrate Yoga into our daily lives with small initiatives such as morning breathing exercises, stretch breaks while studying, and night-time meditation.

Calm in the chaos - one breath at a time.

POSTER-MAKING COMPETITION

A poster-making competition was organized in Divine Child Junior College on 19th July 2025. The theme of the competition was 'ENVIRONMENT' focusing on environment conservation and sustainability. Students were encouraged to express their ideas through visuals, slogans, and artistic designs. Students from 12th Commerce and 12th Science participated enthusiastically in the event with four groups from each section. The posters were judged by our respected judges – Br. Chris Derrick Mariyo, Br. Adarsh Paul D'souza and Br. Willison D'Shira. Criteria of judgement were Creativity, Visual Appeal, Clarity, Organisation and Innovation.

The Competition was a great success and provided students a platform to showcase their talent and concern for the environment. The event concluded with the declaration of the winners and words of encouragement by the Principal Sister Olivia who appreciated the efforts of all participants and motivated them to take part in such creative activities in the future.

INTER COLLEGE FOOTBALL COMPETITION

If you believe it, you can do it. Football champions prove it.

On 3rd October 2025, our college organised an intercollege football competition. The Football game, the world's popular sport is intended to showcase physical attributes, tactical awareness, leadership and coordination.

The team of shining brothers arrived to beat the competition on the football ground with excellent team spirit and passionate attitude and to challenge this amazing team, we had our college's group champion team from the science and commerce section. To monitor this mesmerizing match, we had renowned judges and dynamic referees.

As the game began, two teams of 11 players in extremely competitive spirit landed on the pitch with a beat of toss. Their endurance, agility, vitality and accelerated performance and the cheers of tremendously exciting audience filled the air with vibrational energies. Each used their potential to score more goals than the opposing team by manoeuvring the ball into the other team's goal. The spectators constantly motivated the team and keenly kept count on goals of both the teams.

At the end of the match, our chief organiser Sister Principal Olivia Fernandes declared the winner and runners-up and felicitated them with Trophies - a token of appreciation for their outstanding performance. Everyone was overwhelmed with joy and gratitude and carried home cherished memories.

COLLEGE FEST – D'GALAXIA 2025-26

Treasure Hunt – D'Galaxia 2025-26

On 14th October 2025, our college organized Treasure Hunt, the first kickstart event of D'Galaxia 2025 – our college fest. The event began with the teacher-in-charge, Sir Chris Lunis, explaining to us the guidelines of the Treasure Hunt. We had four groups participating, each group consisting of 12 members, representing 11 Commerce, 11 Science, 12 Commerce, and 12 Science.

After the guidelines were explained, we were given an hour to find the clues hidden across the campus and complete the unique seven-letter code. The first clue to begin the hunt for the treasure was with our class teachers. Fortunately for our group, our class teacher was right next to the class in which we were assembled. After that, all the groups went their separate ways to search for the clues that were hidden. It was a fun and exciting event to participate in. The clues included locations to explore, puzzles and riddles to solve, and hidden messages to decode in order to reveal the secret code. At last, the final code letter to complete the seven-letter code was with Sister Principal, and our group finished in second place.

The event provided a wonderful opportunity for our group to work together as a team. It highlighted the importance of teamwork, coordination, and quick thinking while also allowing us to enjoy and learn through a spirit of friendly competition.

XI Science

A Creative Celebration of Talent

The grand event D'Galaxia was aimed at bringing together a vibrant mix of creativity and enthusiasm. The 2nd day on 15th October 2025 comprised floor events filled with excitement, colors, and artistic expression. Students showcased their hidden talents through unique programs such as Hairstyling, Mehndi, and Sketching.

The Hairstyling and Mehndi competitions created a lively atmosphere in the school hall. Participants were given two hours to display their creative skills, after which judging took place. The teachers-in-charge - Anu Miss and Jaya Teacher guided and motivated the students throughout the event. The air was filled with excitement as students worked with focus and creativity to bring their ideas to life. The Sketching Competition was another highlight of D'Galaxia. Students took part enthusiastically, filling their sheets with imagination, colors, and artistic brilliance. The themes encouraged self-expression, allowing every participant to interpret their ideas freely. Some sketches depicted nature, while others reflected emotions and creativity beyond expectations.

The Judges for the event were Sister Jean and Tr Yogita, who moved around to observe the students' work closely and appreciated their effort and artistic skills. The competition brought out many young artists who impressed everyone with their originality and neatness. The judges selected the winners based on creativity, presentation, and concept clarity.

Many students from both the sections of the junior college participated in all the events, making D'Galaxia a vibrant and joyful experience. The hard work, coordination, and excitement of students were clearly visible throughout the afternoon. The D'Galaxia event turned out to be a grand success. It not only helped students display their artistic abilities but also encouraged teamwork, time management, and confidence. The appreciation from judges and teachers made the participants proud of their efforts. Such events truly bring out the best in students and make school life memorable.

Laxmi Gupta
XII Commerce

The Rangoli and Nail Art Competition was held in our college on 15th October 2025 with great enthusiasm and creativity. The event aimed to celebrate the vibrant colours of Indian culture and tradition, allowing students to express their artistic talents in unique ways. Both events received an overwhelming response from participants who showcased their imagination, patience, and precision through their colorful designs.

The Rangoli event was a magnificent display of traditional artistry. The theme “Festival and Culture” encouraged participants to depict India’s rich heritage -from Diwali diyas and Navratri Garba to Onam Pookalam and Holi’s splash of colours. Students used natural powders, flower petals, diyas, rice grains, and vibrant colours to bring their ideas to life. Each design beautifully reflected the joy, unity, and diversity of Indian festivals. Special attention to effective quality and thoughts like: Participants portrayed symbols of unity, peace, and celebration. Use of eco-friendly materials added a message of sustainability. The creative blend of tradition and innovation left everyone spellbound.

The Nail Art segment was equally fascinating and stylish. Participants turned tiny canvases their nails -into stunning pieces of art. Various themes such as festivals, nature, modern patterns, and abstract designs were explored. Bright colors, glitters, stones, and nail accessories enhanced the overall look. Special attention to effective quality and thoughts like: Students expressed individuality and artistic flair, Creative techniques like 3D designs and fusion colors stood out. The event promoted attention to detail, fashion sense, and steady hand skills.

To sum up, both Rangoli and Nail Art events were a grand success. They not only encouraged artistic expression but also fostered teamwork, creativity, and appreciation for Indian culture and beauty. The colorful atmosphere, energetic participants, and lively spirit made the event unforgettable spreading the true essence of Festivals and Culture everywhere.

Flameless Healthy Cooking Competition

“Eat Well, Live Well, Be Well”

A healthy cooking competition was organized in our college on the second day of D’Galaxia on Wednesday, 15th October 2025 to encourage students to showcase their creativity, teamwork, and culinary skills. It was open to students from both Commerce and Science streams. Participants enthusiastically took part in groups, preparing a variety of dishes (starter, main course, and dessert) that reflected their beautiful teamwork and innovative skills.

The event was organized by Tr. Cheryll Dias and Tr. Ratnaprabha Ghogale and was evaluated by our honourable judges Sr. Matilda and Sr. Jean, who checked the served dishes based on presentation, originality and cleanliness. The competition concluded on a cheerful note with words of encouragement and appreciation from the in-charge, recognizing the efforts of all participants. Overall, the event not only boosted students’ confidence but also promoted the spirit of cooperation.

Tug of War Event Report

The Tug of War competition was one of the highlights of D-Galaxia 2025, the annual college fest, held on 15th October 2025 on the college grounds, the event witnessed enthusiastic participation from the Science and Commerce sections, with students displaying remarkable energy, coordination, and determination.

All the teachers got involved as judges, ensuring fair play and smooth conduct of the event. The first game was between the same classes of the two sections and the winners of these matches played the finals between two classes. Both teams involved in each game displayed remarkable strength and teamwork, while the crowd cheered them on enthusiastically.

After a close and thrilling contest, the commerce section emerged as the winner. The winners of the event included the 12th Commerce boys and 12th Commerce girls, who showcased outstanding teamwork, perseverance, and competitive spirit. The runner-up positions were secured by the 11th Science boys and 11th Commerce girls. The Tug of War not only provided entertainment but also underscored the values of unity, determination, and sportsmanship among students, making it one of the most engaging and memorable moments of D-Galaxia 2025.

Graphics Designing Event – D'Galaxia 2025

On 16th October 2025, the third day of our college fest D'Galaxia, the Graphics Designing event was organized. As we assembled in the computer lab, the teacher-in-charge of the event, Sir Chris Lunis, briefly explained the guidelines. We were asked to select a theme, and the chosen theme had to be designed using the Canva app. We were given one hour to complete our designs. The theme I received was "Design a chess game where the pieces are alive." As creativity carried the highest weightage in scoring, we all began brainstorming ideas for our respective designs. I came up with a vision to create a design that told a backstory for the chosen theme, combined with an aesthetic visual appeal and an impressive title.

After the time limit was over, Tr. Jennifer and Tr. Samidha, the judges for the event, arrived for the final scoring. As we explained our thought process and how our designs connected to the respective themes, it was encouraging to see the judges so involved-observing our minute detailing and appreciating our creative efforts. Overall, the event provided an excellent opportunity for us to showcase our creativity, learn new design perspectives, and find inspiration through artistic expression. It reminded us that, "*Creativity is intelligence having fun.*" - Albert Einstein

ARTICLES

Primary Section

My Favourite Toy

My favourite toy is a small woolly teddy bear. My parents presented it to me on my fifth birthday. Ever since then, it has been my best friend. I have named my teddy, Cubby. It is dark brown in colour with a thick, woolly coat. It has black shining eyes and a black shining nose. It has short ears and looks very cute. Cubby has always gone to bed with me at night. Though Cubby is now two years old, it looks as good as new. When I go to school, it sits on my study table. I love my Cubby very much.

Std. I - A

Krishna G. Chavan

My Favourite Toy

My favourite toy is my doll. I received it as a birthday gift from my parents. It has been very special to me ever since. My doll has soft brown hair, big round eyes and a pretty pink dress. I love the way she smiles because it makes me feel happy. I play with my doll every day. I comb her hair, change her clothes, and sometimes I even tell her stories or talk to her when I feel lonely. My doll is like a little friend who always listens to me. I keep my doll safely because I don't want it to get damaged. When I travel, I carry her with me in my bag. She makes me feel comfortable and reminds me of home. My doll is my favourite toy because she

is cute, friendly and always by my side. I love her very much.

Std. I - A

Pranshi Ghanekar

My Pet

Hazel is my lovely pet cat. She has soft fur that is very nice to touch. Hazel has bright eyes and a long tail. She likes to drink milk and eat her food. She can run very fast and jump high. Hazel loves to play with a small red ball. She makes a sweet meow when she is hungry. In the afternoon, she sleeps in a sunny spot. She is very kind and never scratches me. Hazel is my best friend at home. I love my cat Hazel very much. She makes me feel very happy everyday.

Std. I - A

My Happy Family

There are four members in my family. My father, my mother, my grandmother and me. My father helps me in my studies. My father puts me to bed so that I can sleep well and dream big. My mother cooks food for us and takes care of everyone. She is there with me wherever I go. My grandmother plays with me and tells many moral stories. We celebrate all the festivals together. Sometimes I play with myself. I also help my family in

routine work. I love my family very much.

A Fun Outing: The Day I Chased the Wind

Last Sunday was the best day ever because my family went to the breezy beach. The sand felt like warm sugar between my toes. I had a big blue Kite, and when the wind pulled it, I felt like I could fly! We built a giant sandcastle with a shell chimney and a salty moat. For lunch, we ate juicy watermelon that made my chin sticky. I even found a tiny green crab hiding under a rock! The ocean sounded like it was whispering, "hello" to me. I didn't want to leave because the beach was full of sandy adventures.

My Favourite Colourful Place

My favourite place is the temple near my house. It is a very colourful and quiet place. I love the smell of flowers. It is clean and peaceful. I go there with my family. I like to pray and listen to the bells. It makes me feel happy, when I see colourful flowers. Me and my friends play near the temple. In all festivals the temple looks very beautiful and colourful. I love my favourite colourful temple very much.

Std. I - B
Aarvi Marathe

My Favourite Colourful Place

My favourite colourful place is Tamil Nadu. It is my native place. I feel very happy when I go there. The houses are bright with colourful streets. Every morning there are pretty kolam designs in front of the houses. There are also green fields and many trees everywhere the nature looks very fresh and beautiful. Women wear bright sarees and men wear dhoti with vest. The big temples look very colourful. During festivals there is music, dance and tasty food. I love Tamil Nadu because it is bright, green and beautiful.

My Happy Family

I have a small and happy family with four members: my father, mother, brother and myself. We live together in a cozy home filled with love. My father is very kind and works hard, while my mother takes care of us and cooks delicious food. We eat dinner together

every night and share our day's stories on weekends, we go to the park to play and have fun. My parents help me with my homework and teach me good habits. I love my family.

Std. I - C

Shivanshi Dubey

My Pet

I have a pet dog named Rocky. He is a golden brown labrador with soft fur and a wagging tail. Rocky is very friendly and loves to play with me. We go on walks every morning. And he enjoys running in the parks. Rocky likes to eat biscuits, bones, and his favourite chicken meal. He also guards our house at night. I feed and bathe him regularly. Rocky is my best friend, and I love him very much.

Std. I - C

Hritika Singh

My Happy Family

My family is very loving and caring. There are five members in my family. My father works very hard for us. My mother takes care of the house. I have one brother and one sister. We all love and respect each other. We eat dinner together everyday. Sometimes we watch T.V. and play games. My family always helps me in my studies. I feel very happy and safe with my family. We celebrate festivals together with joy. I love my family very much.

Std. I - C

Aazmin Shaikh

My Favourite Toy

My favourite toy is a soft toy dog. My dad bought it for me when I was two years old during our visit to the mall. I saw it on a rack with many other toys. It is small and white and grey in colour with big eyes and cute little nose. The moment I saw it, I loved it. I held it and started to play with it. My dad saw that I liked it very much, so he bought it for me. It has been with me for five years. I love to play with it and sleep with it every day.

Std. I - D

Ifrah Shah

My Happy Family

I have a happy family. My family is full of love. We talk and listen to each other. We laugh and play together. My mom and dad take care of me. We eat dinner together as a family. In my family, everyone loves and respects each other. My parents teach me good manners. My father is the head of my family. On weekends, we spend time together and have fun. My family teaches me good values and manners. I feel happy and safe with my family. My family is a happy family.

Std. I - D

Aayat Khan

My Happy Family

My family is the happiest part of my life because it gives me love, care and support every day. My parents guide with kindness and teach me the right values. I have a younger sister. She is my best friend. We share laughter, games and secrets together. We always eat meals as a family,

which makes our bond stronger. Festivals and birthdays are celebrated with joy and our homes are filled with excitement during those times. My grandparents tell us wonderful stories that inspire us and connect us to our tradition. Honesty, respect and trust are the pillars of our family. We enjoy outings, picnics and simple moments that brings us closer. My happy family is my greatest treasure and I feel proud and blessed to be part of it.

Std. I - D
Myra Fernandes

A person who inspires me

1. A person who inspires me is my mother.
2. She works very hard every day for our family.
3. She teaches me good values and manners.
4. She always encourages me to study well.
5. She helps me when I have problems.
6. She is kind and caring to everyone.
7. I learn honesty and patience from her.
8. She always supports me in everything I do.
9. I want to make her proud one day.
10. She is the biggest inspiration in my life.

Shrya Ingale

My Dream Vacation

My dream vacation is to visit Switzerland. It is a beautiful country known for its snowy mountains and peaceful scenery. I would love to see the famous Alps and ride on a mountain train. I also want to visit the green valleys and clean lakes. During my vacation I would enjoy playing in the snow and taking many photographs. I would also like to taste Swiss chocolates and explore the small towns. Traveling there with my family would make the trip even more special. It would be a relaxing and exciting experience. I hope one day my dream vacation will come true.

Std. II - A
Sharoline Chandrababu

My Favourite Festival

My favourite festival is Christmas. It is celebrated on 25th December every year. On this day we celebrate the birthday of Jesus Christ. People decorate their houses with stars, lights and Christmas trees. We clean our homes and prepare cakes and sweets. On Christmas Eve, people wear new clothes, attend church and sing carols. Children get gifts from Santa Claus. We share food and gifts with our friends and neighbours. People greet each other by saying "Merry Christmas". This festival teaches love, kindness and sharing. The atmosphere is full of happiness.

Std. II - A
Shrishti Vishwakarma

My Dream Vacation

1. I was very fascinated by the 'Burj Khalifa', the tallest building in the world.
2. I always wished to go on the top floor and see the world from such a height.
3. Last year, during my summer holidays, since I completed full fasting during Ramadan, my parents took me on a surprise vacation to Dubai.
4. I went to Dubai in a flight and stayed in a very big hotel for seven days.
5. We visited many beautiful places every day.
6. On the first day, we went to the Dhow Cruise for a dinner and it took us all around the city.
7. Next day we went to the Burj Khalifa and Dubai mall.
8. We also visited the Dubai Frame, Global Village, Miracle Garden and many other places.
9. The 'Desert Safari' was a breathtaking experience.
10. We also did a lot of shopping too.
11. It was a very memorable trip and I thank my parents for it.

Std. II - B
Myiesha Kazi

My Dream Vacation

1. My dream vacation was a visit to Sydney in Australia.
2. My family and I stayed at my cousin's place.
3. I explored many beautiful places with my family.
4. We visited Sydney during the winter season. The weather was very cold, windy and cozy.
5. We visited the famous Sydney Harbour and Opera House which looked very beautiful in the evening with the lights.
6. We also visited Sydney Zoo and saw many wildlife animals like the koala, giraffe, kangaroo, deer and many more.
7. We visited the Botanical Garden near the Blue Mountains. There were many, many types of plants and flowers.
8. And the Blue Mountains were my favourite place to see because the oil droplets on the leaves make the mountain actually look blue.
9. There I saw the Three Sisters Rock Formation. Also, it was a great view from there.
10. This was indeed a dream vacation for me. I thank my mom and dad, for taking me there.

Std. II - B
Gizelle Cornello

A Person who inspires me

My father is the person who inspires me the most. He is a hardworking and honest man who always supports our family. He teaches me the value of discipline, respect and kindness. Whenever I face difficulties, he encourages me to stay strong and never give up. His dedication and positive attitude motivates me to work hard and achieve my goals. I feel proud to have such a wonderful father, and I always try to follow his good qualities in my life. I feel proud to have such a wonderful father, and I always try to follow his good qualities in my life.

My Favourite Festival Holi

Holi is my favourite festival. It is the festival of colours. We celebrate Holi in the month of March. We start Holi with Holika Dahan. We play Holi with colours. We celebrate Holi with our family and friends. We eat delicious food on this day. We celebrate Holi with great joy. We are very happy on this day. I eagerly wait for this festival.

Std. II - C
Aarohi Kalas

My Favourite Hobby

My hobby is drawing. I like to draw pictures in my free time. I use many colors in my drawings. I draw flowers, houses and animals. Drawing

makes me happy. I draw after finishing my homework. My parents like my drawing. My teacher also praises my work. Drawing helps me relax and have fun. I want to become a good artist one day.

Std. II - C
Ridhavi Biradar

My Favourite Festival

My favourite festival is Holi. It is the festival of colors. I celebrate Holi with my family and friends. We put many bright colors on each other and have lots of fun. I like pink, yellow, and blue colors the most. We also play with water balloons and pichkari. My mother makes yummy sweets for us. Everyone laughs, dances and enjoys a lot. The whole place looks very colorful and happy. I love Holi because it is a very fun and joyful festival.

Std. II - C
Swara Daple

My Favourite Hobby

My favourite hobby is art. I love drawing and colouring pictures. Art helps me express my thoughts and feelings. I enjoy using different colours. I draw nature, flowers and animals. Art makes me feel relaxed and happy. I like to make paintings during my free time. My teacher and parents appreciate my drawings. Art improves my creativity and imagination. I hope to become a great artist one day.

A Person who Inspires Me

"My Dad, My Hero." Yes, my dad is my hero since the day I was born. He is the most precious gift of God to me. He is the one strong pillar of our family. My dad is my hero and will always be my guiding light and my motivator for life. He is the most beloved person, loved by all in my family.

He is very helpful to those in need. Kind and generous, my dad always shares his own life experiences, so that we can take right decisions, learning from them. He spends time with me, plays with me, sings with me, teaches me different things, laughs with me, we read together, and most importantly we pray together as a family. Dad says, "A family that prays together, stays together". I can share anything with my dad and he is the one to motivate me. My dad has taught me to dream big, stand tall and never give up. He never looks for praises, he is not the one to boast, and he just goes on working quietly for the one he loves the most.

Dad, I will always be your little girl and you will always be my hero. Dad - My First Hero,

My Forever Friend, Love you Dad!

My Dream Vacation

It was early in the morning and I could see the rising sun through my window. I felt its rays gently falling on my face as I lay on my bed. I felt warm and wonderful in the cold winter morning.

Suddenly, I felt as though I was moving when I felt the softness of the clouds. It was such a beautiful feeling. Suddenly, I realized that I had wings and I was flying.

I decided I wanted to go to Europe. I flew to town hoping to get a cheap excursion ticket, but then realized that I did not need to take a plane. I did not have to stand in long queues to apply for visas or in the immigration line waiting for my turn. I could just fly to the moon without any problem. My excitement was immeasurable. I felt absolutely free to wander as aimlessly as I wished.

I decided to fly over the mountains. After flying for an hour I decided I needed to take a break for a while. As I was zooming down to touch the ground I heard a loud clanging. It was the sound of my alarm clock. I jumped up and sat on the bed with my hands on my head. I realized that I had been dreaming. I felt little sad but was happy by the thought that for a few moments in my life even if it was in my dream at last I had reached the skies.

Std. II - D

Why I Love Nature

Nature is the most beautiful gift given to us by God. I love nature because it fills my heart with peace and happiness. The green trees, colourful flowers, and blue sky make the world look wonderful. Nature gives us fresh air to breathe and clean water to drink. Birds singing in the morning make nature even more special. I enjoy

watching sunrise and sunset in the sky. Mountains, rivers, and forests show the true beauty of our planet. Nature teaches us to stay calm, patient, and thankful. Spending time in nature makes me feel relaxed and joyful. We must protect nature and keep our environment clean. Planting trees and saving water are small steps to help nature. I truly love nature because it makes our world a better and happier place.

My Favourite Book: Harry Potter

My favourite book is Harry Potter. It is written by J. K. Rowling. The story is about a young wizard named Harry Potter. He studies magic at Hogwarts School of Witchcraft and Wizardry.

Harry has two best friends, Ron Weasley and Hermione Granger. They help each other and go on many exciting adventures. Harry is brave and kind. He always tries to do the right thing.

The story is full of magic, mystery, and friendship. I enjoy reading about the magical world and the adventures at school. This book also teaches us about courage, loyalty and helping others.

I like reading Harry Potter again and again. That is why it is my favourite book.

Std. III - A

A Day to Remember

Some days in life become very special and remain in our hearts forever. One such memorable day in my life was our school annual function. The school was beautifully decorated and everyone was excited. I participated in a dance performance with my friends. We practiced for many days and finally the big moment arrived. When we went on the stage, I felt nervous but also very happy. The audience clapped loudly and encouraged us. Our teachers appreciated our hard work and effort. My parents were also present and they felt proud of me. After the program, we celebrated together and took many photos. It was a day filled with joy, laughter and excitement. That wonderful day will always remain a sweet memory in my life.

Std. III - A

Spreading Peace Around Me

Peace is very important for a happy life. I try to spread peace by being kind and respectful to others. Helping my friends and family makes the environment positive. Speaking politely and avoiding fights keeps everyone calm. I believe small acts of kindness can make a big difference.

Sharing, caring and forgiving others help to create peace around us. A smile can also make someone's day better. When we stay calm, others also feel peaceful. Others should also try to spread love and harmony. Together we can make the world a more peaceful place.

Std. III - B
Elina Fernandes

Why I Love Nature

I love nature because it offers a peaceful escape, providing a sense of calm and freedom from daily stress. It is a vibrant world of beautiful sights and sounds, from singing birds to blooming flowers that brings pure joy. Nature teaches me to appreciate the beauty of life, offering endless inspiration and a new perspective. It sustains us with clean air and food, reminding me of the importance of protecting our planet. Being surrounded by trees, mountains and rivers makes me feel grounded and connected to the Earth. It is a source of healing energy when I can feel both wild and free. The gentle beauty of a sunrise or the majesty of a forest brings me deep happiness.

Key reasons I love Nature:

- Provides Peace: Nature serves as a perfect, quiet retreat to relax.
- Economic Value: Nature or “natural capital” underpins our economy through agriculture, tourism and raw materials.
- Beauty and Wonder: Provides immense, natural beauty in plants, animals and landscapes.
- Environmental Health: Regulates climate and weather patterns.

An Interesting Place I Visited

Last year, Feb 16, I visited Kandy in Sri Lanka. It is in the central province in Sri Lanka, the area is full of flowers and Paddy fields. Kandy is famous for its historical values. It is the last kingdom of Sri Lanka.

The sacred temple of the tooth is situated in Kandy, there are lots of interesting places to see and enjoy. Thousands of people both local and foreign visit Kandy throughout the year to see its beauty.

There are lots of tea plantations all around Sri Lanka. The country is very clean and beautiful.

Std. III - B
Myra Kamble

Why I Love Nature

Nature is a beautiful gift from God. It includes trees, flowers, animals, rivers, mountains, sky and everything around us. Nature gives us fresh air to breathe and clean water to drink. Trees give us fruits, shade and oxygen. Birds sing sweet songs and flowers make the world colourful. Rivers flow with fresh water and help us to group food.

Nature is very important for our life. It keeps us healthy and happy. We should take care of nature. We must not cut trees or throw waste in rivers.

Let us plant more trees and keep our earth green and clean. If we love nature, nature will love us back.

Std. III - C
Aarya Sodve

Spreading Peace Around Me

“Spreading peace begins with a smile.” The simplest way to spread peace is through a smile which can brighten someone’s day. Peace is not something we look for; it is something we create through our actions as “Mahatma Gandhi,” once suggested. Peace is a key to a better world. It begins with small actions like being calm, listening to others, helping those in need and treating others with respect and kindness. Peace is a simple but a powerful word. It means living together in harmony. So as a student we can bring change, fostering a world where kindness and understanding replace conflicts. Spreading peace is a shared responsibility, so together we can create a peaceful world by spreading peace and love.

Std. III - C
Shanayaa Lobo

Spreading Peace Around Me

Peace begins with small actions in my daily life. I try to speak kindly and respectfully to everyone. Helping others when they need support spreads positivity. Listening to people patiently can solve many conflicts. I avoid arguments and choose understanding instead. Sharing happiness and encouraging others build harmony.

I respect different opinions and cultures around me. Forgiving others helps create a peaceful environment.

Being calm during situations spreads stability. I practice gratitude and inspire others to do the same.

By setting a good example, I motivate others to stay peaceful. Small acts of kindness can make the world around me more peaceful.

Std. III - C
Vanessa Pacheco

An Interesting Place I Visited!

I am excited to share a wonderful and very interesting experience of visiting “Rani Baug Zoo” recently. I went to the zoo with a lot of excitement and the moment I entered, I felt like I was in a world full of animals and nature. The zoo had so many different animals, and I loved watching all of them.

First, I saw the big animals like tiger, elephant, bear and monkeys. The monkeys were jumping and playing and they made everyone laugh. I also saw beautiful birds with bright colours. They looked like they were wearing colourful clothes.

One of my favourite parts was going to the part where the Humboldt Penguin was kept. It was such a cold place that was being maintained for penguins. All of the penguins were having fun, eating fish and following laser light around the enclosure.

Walking around the zoo was also very enjoyable because there were lots of trees, plants and flowers. It felt peaceful and refreshing. I learned many new things about animals and why I should protect them.

My visit to Rani Baug Zoo was amazing. I had a great time, and I came back home with happy memories.

(helped by parent)

A Day to Remember

Never does a mother forget that
miracle of birth,
It stays within her memory,
With the last and her first.

Nine long months of waiting,
For that bundle of joy to arrive,
Then wondering how to raise it,
While settling some of her life aside.

Yet with God's grace and wisdom
That was instilled in her from the start,
She gives this little blessing of Joy,
All her loving trust and heart.

Time passes quickly,
All childish things let go.
To become what you have taught him,
And everything you know.

A day to take upon themselves,
A spouse to start anew,
Starting the process over again
Now the rest my child is up to you!

Std. III - D
Pooja Shahi

Why I Love Nature

Nature is beautiful and peaceful. I enjoy walking in the forest listening to birds, and feeling the wind, trees, flowers and animals make the world colourful and alive. Spending time in nature helps me relax and feel calm. It also reminds me to protect the environment. We

should take care of our earth. I love being close to nature.

Importance of Nature: Nature gives us life. Trees give us oxygen. Rivers give us water. Sun gives us light. Nature makes us healthy. Saving Nature saves life.

Std. III - D

My Role Model

Everyone has someone they admire and look up to. A role model is a person who inspires us to become better. My role model is Dr. A. P. J. Abdul Kalam. He was the former President of India and a great scientist.

Dr. A. P. J. Abdul Kalam was born in Rameshwaram in Tamil Nadu. He worked very hard from a young age and became an important scientist in the Indian Space Research Organisation (ISRO). Because of his work in developing missiles, he is also called the "Missile Man of India."

He later became the 11th President of India. People loved him because he was simple, kind, and he always encouraged students to dream big. He believed that education and hard work can change a person's life.

I admire Dr. Kalam for his honesty, dedication and love for the country. His life teaches us to work hard and never give up on our dreams. That is why Dr. A. P. J. Abdul Kalam is my role model.

Std. IV - A
Aliza Khan

My Favourite Sport

My favourite sport is gymnastics. I love gymnastics because it is fun, exciting and it makes me feel strong. In gymnastics, we learn how to balance, jump, flip and stretch our bodies. My favourite things to do are the cartwheel and the split because they make me feel like a real gymnast. When I watch gymnasts perform and it looks like they are flying in the air like superheroes.

Gymnastics is also a sport that needs a lot of practice. Sometimes the moves are hard at first, but I keep trying until I get better. My coach always tells me to be brave and believe in myself. I like practicing on the balance beam because it feels like walking on a tiny bridge. When I finally do a move correctly, I feel very proud of myself.

Another reason I love gymnastics is because it keeps my body healthy and strong. It helps me stay active and flexible. I also have many friends at gymnastics class and we cheer for each other when someone learns a new move. Gymnastics makes me happy, and it is my favourite sport.

How I can Protect Environment

We all can play a part in protecting our environment. Here's how I plan to do my bit.

First, I'll save water. I'll make sure to turn off the tap while brushing my teeth and fix any leaks at home. Every drop counts. Next, I'll save trees. I'll plant more plants and use less paper. I'll also tell my friends about the importance of trees. I'll reduce waste too. I'll carry a reusable water bottle and cloth bag to school. This way, I'll use fewer plastic bottles and bags.

Lastly, I'll spread awareness. I'll tell my family and friends about simple ways to protect the environment. Together we can make a big difference.

That's how I'll do my part to protect our planet. Let's all pitch in and keep our earth green and clean.

Std. IV - A
Bhakti Gite

My Favourite Season

My favourite season is summer because of the warm, lovely sunshine in the morning and the cool breeze in the evening. It starts in March and ends in June. It is also the season of delicious fruits like mangoes and watermelons. During summer, we go to the beach and build sandcastles and go in the water. It is the perfect season for outdoor activities like cycling, swimming, etc. Even though it is hot, I enjoy wearing light cotton clothes and relaxing in the shade. It is a lovely time to make memories with my family and I always look forward to it every year.

Std. IV - B
Inaya Pereira

My Role Model

My mother is my role model. She is the most important person in my life. She takes care of our whole family with love and patience. She works very hard every day to make sure we are happy and comfortable.

My mother teaches me good values like honesty, kindness and respect. She always encourages me to study well and become a good person. Whenever I have a problem, she helps me and gives me the right advice.

She sacrifices many things for our happiness. Her love, care, and support make me feel strong and confident. I admire her dedication and positive attitude.

I want to grow up to be a kind, hardworking, and responsible person like my mother. That is why my mother is my greatest role model.

Std. IV - B
Alifa Khan

How I can protect the environment

The environment is everything around us. It includes air, water, trees, animals and land. The environment gives us fresh air, water, and food, so it is our duty to protect it.

One way to protect the environment is by planting trees. Trees give us oxygen and keep the air clean. They also provide homes for birds and animals.

Saving water is also very important. Water is precious for all living beings.

We should not waste water while brushing or bathing. We must always turn off taps properly.

Reducing pollution helps protect nature. We can walk or cycle for short distances. This helps keep the air clean. We should follow three rules: Reduce, Reuse and Recycle. This helps reduce waste and save resources. We should avoid using plastic bags. Instead we should use cloth or paper bags. Protecting animals and forests is also important. If everyone helps, we can make Earth a better place.

Std. IV - B
Akshya Yadav

My Role Model

“She is the wind beneath my wings.”

A role model inspires us to become better versions of ourselves and I admire my mother as my role model. No matter how challenging the day has been, she always has a smile on her face, warmth in her embrace, a listening ear, full of compassion and treating everyone with respect. She also values continuous learning, open to new ideas and willing to improve on herself.

She is someone who I look up to who always motivates and helps shape my dreams. My role model is a living reminder that success is not just about reaching the top - it's also about lifting others as you climb.

Std. IV - C
Megan Martis

My Favourite Sport

Badminton is my absolute favourite sport. It is a fast-paced, exciting game that requires agility, quick reflexes and strategic thinking. The thrill of a fast rally, the satisfying sound of the shuttlecock hitting the racquet, and the challenge of outsmarting an opponent make it incredibly engaging. Whether playing a casual match with friends or a competitive game, badminton always manages to lift my spirits and provide an excellent workout.

I was introduced to badminton at a young age and immediately fell in love with it. The simplicity of the equipment - a racquet and a shuttlecock - makes it accessible to almost anyone. I often play on indoor courts, which allows for year-round practice regardless of the weather. The sport has not only improved my physical fitness, such as my hand - eye coordination and stamina, but also taught me valuable life lessons about discipline, perseverance and sportsmanship. It is a fantastic way to stay active and healthy.

Std. IV - C
Swanandi Rewale

My Favourite Season

There are four main seasons. That is monsoon, summer, winter and spring. Each season has its own beauty and importance. Some people like summer and some enjoy rainy season. However, my favourite season is winter. Usually it starts in November and lasts till February in some parts of

the country. Sometimes the mornings are a little chilly but the hot sunshine makes the day enjoyable and fun.

One of the reasons why I like winter season is because I can wear warm and cozy clothes like sweaters, jackets, gloves and scarves. We can also eat wonderful food. Many delicious foods can be eaten at times such as hot soups, tea, coffee, roasted peanuts and fresh fruits like oranges, strawberries and apples are also available and are very tasty and sweet.

I also love winter because many festivals and holidays are celebrated during this season. People enjoy time with their families and friends. The atmosphere of festivals makes people feel happy and cheerful.

Overall, I love winter for its cool weather, beautiful mornings and delicious food. I always look forward to winter season every year because winter is the most joyful season for me.

Std. IV - C
Erfyz Fernandes

How I can protect the Environment

The environment is very important for our life. It gives us clean air, water and food. Today pollution and waste are harming our environment, so we must protect it.

I can help save the environment in many ways. I can plant trees, save water and turn off lights when they are not needed. I can also avoid using plastic bags and keep my surroundings clean by using dustbins.

If everyone takes small steps, we can make a big difference. Saving the environment is our responsibility, and it will help make the Earth a better place for future generations.

Std. IV - D
Flavia Sequeira

My Father: My Role Model

My father has always been my role model. He is a hardworking and dedicated man who has always put his family first. He has always encouraged me to follow my dreams.

My father is a loving and caring person who has always been there for me, no matter what. He has supported me through all of life's ups and downs, and has always been my biggest cheerleader. He has faced many challenges in his life but has always come out stronger on the other side. He has taught me to never give up, no matter how difficult things may seem.

My father is my role model because of his unwavering love and support, and his strong work ethic. I am grateful to have such an amazing father.

Std. IV - D
Durva Prasad Hublikar

My favourite season

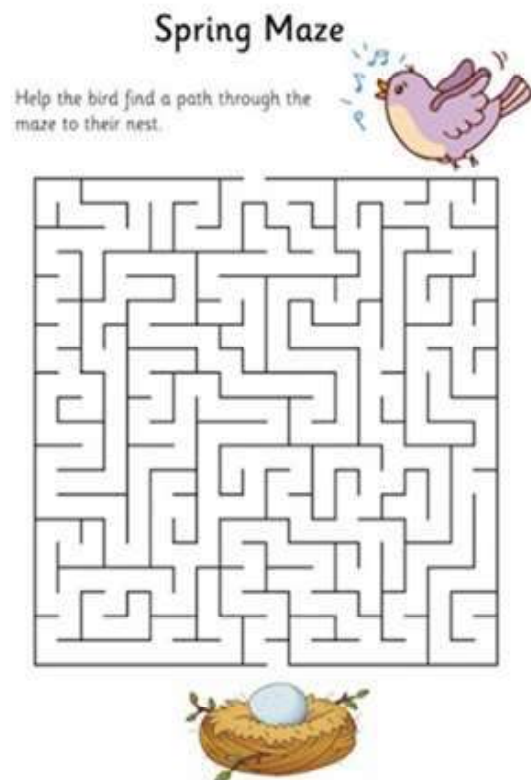

My favourite season is winter. I enjoy the cool and fresh weather during this time.

In winter, the mornings are cold and we wear warm clothes like sweaters and jackets. People drink hot

tea and eat delicious food to stay warm. Winter is a special season because we celebrate many festivals and spend time with family. The clear sky and gentle breeze make the day peaceful. It helps me feel refreshed and happy every year.

In conclusion, winter is a season of contrasts, blending beauty with challenges and fostering a sense of togetherness among people. Its chilly embrace encourages both relaxation and adventure making it a time to cherish and appreciate. Despite its difficulties winter captivates hearts with its magical ambience and the promise of warmth.

BORN FOR OTHERS

Every school has a guiding light, a message that inspires the students to live a life with a purpose. The motto of our beloved Divine Child High School is “Born for Others”. These three words are not just a motto – they are a way of life.

To be ‘Born for Others’ means to rise above selfishness and live with kindness, love and service. It reminds us that true happiness does not come from what we keep for ourselves, but from what we share with others. Our school encourages us to not only grow in studies but to also grow in compassion, honesty and service. The motto teaches us that every life’s meaning is when it touches the life of others.

I feel proud to belong to a school that teaches us to look beyond ourselves and live for a greater good. If each of us carries this motto in our heart, the world will surely become more kinder, brighter and more peaceful.

I am one of the luckiest persons who has got a chance to study in this beautiful school.

(Std. VI Winner of Essay Competition on the topic – ‘Born For Others’)

Laasya Poojari
VI-C

SOCIAL MEDIA

Social Media is a way to connect with people using the internet. Some popular social media platforms are Facebook, Instagram and WhatsApp. Many people

use Social Media to share photos, videos and messages with their friends and family.

Why do people use Social Media? Well the answer is – to stay in touch with others, make new friends and learn new things. Some use social media to watch funny videos or share their own hobbies and interests. It also helps people know what is happening around the world quickly.

Is Social Media helpful? Yes, it can be helpful. It allows people to communicate easily, no matter where they are. Students can also use it to learn from online videos, read articles or find answers to their questions. Many businesses use social media to advertise their products and reach more customers.

Sometimes, there can be problems spending too much time on social media – it can be bad for our health; make us lazy; take time away from other important activities like studying or playing outside. Also, not everything on social media is true, so we must be careful about what we believe.

In conclusion, social media is a powerful tool that can be helpful and harmful. As students, we should focus on using social media to learn new things and stay connected with the world, while also being mindful of our time and safety.

Remember, “balance is the key” when it comes to using social media wisely!

Bhuvi Daga

ONE STITCH AT A TIME

We live in a world that is always rushing but sometimes the best magic is created when you simply slow down. For me, that magic is: a ball of yarn and a hook.

Crochet isn't just an old-fashioned hobby; it's a way of turning a thought into real, one loop at a time. It is a rhythmic, relaxing dance of the hands. I start with a simple knot and before I know it, I am building patterns and textures. Whether I am stitching a bookmark or a cozy square, I find it incredibly satisfying to watch a long piece of string transform into a small masterpiece.

What I love most is that every piece is unique. It carries the patience and care of the person who made it. So, next time when you see someone crocheting, know they are weaving a moment of quiet focus into a noisy world.

So I will keep my hook moving, creating warmth one stitch at a time because in this world of machines, it is precious to have something made by hand.

Arya Kadam

BORN FOR OTHERS

Every great institution has a guiding principle that shapes the character of its students. Divine Child High School & Junior College has the beautiful motto "Born for Others". These three words carry a very deep and noble meaning. They remind us that life is not just for ourselves, but about sharing love, care and service with others.

Our respected Principal, Sr. Olivia Fernandes, always inspires us to live this

motto in our daily life. She guides us to grow not only in studies and talents, but also in values like kindness, generosity and respect. Through her leadership, we understand that helping others is the true purpose of education.

The motto "Born for Others" encourages us to be selfless and compassionate. It tells us that real success is not measured only by marks, medals or achievements, but by the good deeds we do for society. Whether it is helping our classmates, caring for the poor, protecting nature, or spreading joy, each small act of service makes our lives meaningful.

Thus, Divine Child High School & Junior College teaches us to live a life of love and service. By following our motto and the guidance of Sr. Olivia Fernandes, we learn to become responsible, caring and humble citizens who bring light and hope to the world. Truly, to be 'Born for Others' is the highest way of living.

(Std. VIII Winner of Essay Competition on the School Motto – 'Born For Others')

Aastha Bhandari
VIII-A

BORN FOR OTHERS

As teenagers, we often hear things like, "Focus on yourself", "chase your dreams", or "do what makes you happy". And while those are important messages, there's something deeper that often gets overlooked – the idea that maybe we weren't just born for ourselves. Maybe, just maybe, we were born for others. That doesn't mean we need to forget who we are or give up on our goals. It means that our lives can become truly meaningful when we choose to use them not only for our benefit but for the good of those around us.

In a world full of competition and pressure to stand out, being kind can feel like a quiet rebellion. Yet, it is in those small, unglamorous moments of kindness where our real strength shows. Helping a classmate who is falling behind, standing up for someone who's being picked on, listening to a friend who's hurting – these are not small acts. These are powerful decisions that can change lives. We don't need to wear a cape to be heroes. We just need to care.

I may be young, still finding my way,
But I can bring light to someone's grey.
A word, a smile, a helping hand –
Sometimes, that's all love demands.
Not born for fame, or gold, or pride,
But to walk with someone side by side.

There are people all around us who live this way every day without applause. The teacher who stays late to help a struggling student. The parent who gives up comfort to ensure their child's future. The friend who checks in when they sense something's wrong. These people don't always get recognized, but their lives have meaning because they choose to live for others. And then there are figures like Mother Teresa who spent her entire life helping the poor and sick, and Nelson Mandela who forgave his oppressors and chose peace over hatred to unite a divided nation. They remind us that greatness isn't about how high you rise, but how deeply you care.

You might wonder, "I'm just a teenager – what can I really do?" but being born for others starts right now, not someday. Every time you choose kindness over popularity, honesty over shortcuts, and compassion over judgement, you're living out a powerful purpose. You don't need to fix the whole world, you just need to make a difference in someone's world.

And as a proud student of Divine Child High School, I realize now that "Born for Others" is not just a motto printed on a banner or written in our diaries – it's a way of life. Each lesson, each value, each act of kindness we experience within these walls is shaping us into people who will walk into the world not just with knowledge but with purpose. We are not just students preparing for exams, we are leaders in the making; voices of compassion; hands ready to serve and hearts open to love.

"We wear our motto not on our sleeves, but in our actions.

In every small deed, our mission breathes.

Born not for fame, nor just for me, but for the world, for humanity.

From these halls of Divine Child, we rise with humble hearts and dreaming eyes.

To light the dark, to lift the weak, to be the strength that others seek.

This is our path, our chosen role – to live with love, to live with soul.

And when the world asks who we are, we'll answer proudly – Divine Child stars."

FAILURE - A TEMPORARY DEFEAT

We have heard various examples of successful people who have faced everyone's biggest enemy, 'failure'. We only assume that failure is our biggest enemy. Have we ever wondered what the after-effects of failing are? I do agree failure can be very depressing. But after failing, do we all get a voice in us screaming "You can try harder next time and succeed"?

The very famous cricketer 'Jemimah Rodrigues' in her interview stated that she was not selected to play in the Indian Women's cricket team. She had the will and the passion to play for the Indian cricket team and after a lot of practice for the next round she got selected. Failure does not really make us losers. Failure instead makes us stronger. The next time we try harder and work harder and that is how we become perfect. After failing we note down our mistakes and aim at making them perfect. Instead of sitting sad and wasting our time crying over what has happened we should get up and work on ourselves. It only makes us better. Failure is something we should think about and aim at achieving our goal.

As the saying goes 'where there is a will, there is a way'. We should work on ourselves and make ourselves better and perfect. Failure only makes us stronger and not weak, as failing teaches us to face problems in life with determination. We should face failure and make ourselves perfect. By doing this we are training ourselves to become better.

(As written in the English Final exam paper)

LESSONS BEYOND THE CLASSROOM

When we think of school, we often imagine books, exams, and classrooms. But in reality, some of the most meaningful lessons are not written on the blackboard – they are learned through experiences, friendships and everyday moments. These are the lessons that truly shape who we become.

School quietly teaches us discipline through simple routines – arriving on time, completing homework, and following rules. These habits may seem small, but they build a strong foundation for a responsible and successful life. Along with discipline, we also learn the values of time, understanding that every moment matters. Beyond academics, school is where we discover the importance of teamwork and cooperation. Whether it is working on a group project or playing a sport, we learn to listen, share ideas, and support one another. These experiences teach us that success is not always individual, but often a result of working together.

Friendship is another beautiful lesson we learn outside the classroom. Friends stand by us during both happy and difficult times. They teach us trust, loyalty, and the joy of sharing. The memories created with friends often become the most treasured part of school life.

School also helps us understand the true meaning of respect and kindness. A simple act like helping a classmate, listening to a teacher, or showing gratitude can make a big difference. These values stay with us forever and shape our character. Perhaps the most important lesson school teaches us is how to face challenges. Success makes us confident, while failure makes us stronger and wiser. We learn that mistakes are not the end, but a step towards improvement.

In the end, school is not just a place of education, but a place of transformation. The lessons beyond the classroom – values, friendships and life skills, are the ones that guide us throughout our lives. These are the lessons that truly matter and stay with us forever.

FINDING JOY IN EVERY MOMENT

Life is complicated, stressful and filled with challenges, responsibilities and expectations. But for me, I have always tried to find joy in whatever I do – whether it's studying, participating in activities or daily chores. I believe that happiness comes from the attitude we show.

The way we approach things makes a big difference. Two people given the same work but one of them sees it as a burden and the other an opportunity. For example, homework or studying, many of us tend to procrastinate but some try to complete it so that they will not need to worry later or do any of it, last minute. It's the same for hobbies. I love playing sport, participating in competitions, etc. but the true achievement doesn't lie only in winning but in enjoying the process. So, I always keep in mind that it's okay to lose, to fail because then we learn, grow, become better.

Joy doesn't come in big achievements only, it also comes from the small moments like laughing in class with friends, playing a sport that you love, enjoying the process of everything that you accomplish, feeling proud of ourselves even if we have faced defeat – that's real joy. Life is not only about reaching goals, its about the journey along the way that makes a difference. So, make your journey a memorable one.

DO YOU EXPERIENCE FOMO WHEN YOU UNPLUG?

We've all been there: You finally decide to disconnect yourself from your phone or delete that one app that keeps bugging you with its constant notifications. You are officially ready for your 'phone-free bliss'. But just five minutes into it, a nagging thought slowly creeps in. What did I just miss? Did my friends make important plans without me? Is there a major story breaking out? Am I being forgotten?

That uncomfortable itch isn't boredom, it's the classic FEAR OF MISSING OUT [FOMO] and it's the biggest challenge everyone faces in our digital world. For those of you who don't know, FOMO is that anxious feeling tat makes you think that others might be having fun without you. When we unplug, we suddenly lose access to the constant notifications, trends, messages or posts that keep us engrossed in our phones. This makes us feel like we are missing out on important moments. For teenagers especially, where friendships and social connections are very important, this feeling becomes very strong.

Social media platforms are filled with highlights of people's vacations, parties, fun moments, so on and so forth. It makes it seem like everyone around us is always doing something fun and exciting. When we disconnect, our imagination tries to fill in the gaps and that's when it seems like we are missing out on a lot more than we actually are. However, unplugging also has its benefits. Taking a break from social media can relieve and help us from stress and help us reconnect with our true selves. By doing so, we can focus on gaining peace of mind and building better relationships with people in real life.

It is quite normal to feel a tad FOMO while unplugging, but it doesn't have to necessarily control us. Unplugging shouldn't have to be seen as missing out, but more as an opportunity to slow down and prioritize yourself over those buzzing notifications. The best moments are not the ones we see on our screen, but are in fact the ones we create and witness with our loved ones. Sometimes, disconnecting from our phones is what we truly need in order to connect with ourselves.

IMPORTANCE OF READING NEWSPAPERS

Let's talk about something that might seem a bit too old-fashioned, especially in the digital world we live in, but is actually more important than ever – reading the newspaper!

Now, I know what some of you might be thinking – 'Newspapers? Really?! Why do I need to read the newspapers when I can get it online?' Well, it's true. We get a lot of information online these days. However, a lot of news on social media are short, distracting and sadly, sometimes even fake. Newspapers on the other hand, are trustworthy, reliable and helps you focus on what truly matters. Have you ever wondered what you might be missing out on by not reading the newspaper?

First and foremost, newspapers keep us well-informed and updated. They cover everything right from local news in our city to major international headlines around the world. Think about it! Without a reliable source of information, how would we know about the important decisions taken

by our government? Or the issues faced by the environment? Or the new scientific discoveries? Newspapers give us a deeper understanding of what's happening around us and help us see the bigger picture, rather than just random headlines.

Secondly, newspapers don't just inform us about current events, they help us think better. Unlike quick social media posts, newspapers often explain things in detail and show different opinions. A newspaper doesn't just deliver facts; it delivers the story behind the facts. When you read a well-written article, you get facts, numbers and arguments that make you think deeply. You learn to ask questions, and form your own opinions based on the evidence. This skill is very useful, not just when reading the news, but in making thoughtful choices in everyday life.

Now, for students like us, newspapers are a treasure trove of knowledge. They improve our reading and writing skills and help us learn new words. Journalists use interesting words and sentences that make us better readers. Plus, newspapers cover many topics like culture, sports, politics, economy, so on and so forth. Many newspapers provide puzzles and opinion pieces that challenge our minds. This helps us become more knowledgeable and confident when talking about different subjects.

Another important fact about newspapers is that they share different point of views. Good newspapers present all sides of the story. This helps us understand that not everything is black and white, and there can be many ways to look at a problem. In a world, where people often disagree, being able to understand other's opinions makes us more tolerant and respectful.

Finally, reading the newspaper regularly is a habit that will help us in the long run. As we grow up, we will have to make decisions about our community and country. Being well-informed is the key to good choices. Even just 15-20 minutes of reading the newspapers can build a habit that will help us to stay smart and aware throughout our lives.

So, then next time you have some free time to spare, instead of just scrolling on your phone, try picking up a newspaper. You will be surprised by how much you learn, how much smarter you become and how much sharper your mind gets. It's a simple habit that can make a big difference.

A DAY WITHOUT MY PHONE

Have you ever imagined spending a whole day without your phone? For many of us, it feels almost impossible. Our phone has become such an important part of our life that we use it from morning till night without even realizing it.

One day, I decided to challenge myself and spend a full day without using my phone. At first, it felt very strange and uncomfortable. I didn't know what to do in my free time. I kept reaching for my phone again and again out of habit, which made me realize how dependent I had become. But slowly, things started to change. I began to notice my surroundings more. I spent time talking with my family and even helped my parents with small things at home. I also read a few pages of a book and revised my notes, which I usually avoid.

The most surprising part was how peaceful I felt. Without constant notifications, my mind felt more relaxed. I wasn't distracted again and again and I could focus better on whatever I was doing. But the end of the day, I learned an important lesson. Phones are useful but using them too much can take away our valuable time. Taking small breaks from our phone can actually make us feel happier and more active. In the end, I don't think I can completely live without my phone, but I will definitely try to reduce my screen time and use it more wisely.

WHY I WANT TO JOIN THE DEFENCE FORCES

I pen this article, not just to share a dream, but a purpose – a deep, personal commitment that has grown within me over the years. I want to tell you about why I aspire to join the Defence Forces, and why I believe that this path is not just my career choice, but my calling. Let me start by saying this clearly – I want to live a life that means something – something real, something powerful, something that demands everything from me – and gives back purpose in return. That's why I want to join the Defence Forces.

In today's world people talk a lot about freedom, safety, rights and pride in the country. But how many of us are actually willing to defend it? How many are willing to leave behind comfort, luxury, and even family – just to stand at a remote border post, in sub-zero temperatures, with a rifle in hand and duty in heart? Very few. And that's exactly why I want to be one of them. For me, joining the armed forces isn't some dramatic, cinematic fantasy. It's a decision born out of logic, grit, and

personal conviction. I am not interested in easy things. I believe comfort zones kill ambition. And the Defence Forces – well, they are the complete opposite of a comfort zone. They test your body, your willpower, your spirit.

Look around. Our generation is stuck in distractions. We're constantly connected – but rarely grounded. We're running after social media validation, obsessing over likes, reels and filters – while our soldiers have no guarantee of tomorrow. That contrast – that sheer difference in priorities – wakes something up in me. And it should in all of us. I want to live for something beyond myself. I don't want to just exist. I want to serve – in the realest, rawest sense. I don't want to just build a career. I want to build a legacy – of courage, discipline and unwavering loyalty to my nation.

Let's be honest – the Defence Forces don't promise a luxurious lifestyle. But what they do offer is infinitely more valuable: respect. The kind of respect that isn't bought, but earned – through sweat, sacrifice, and service. And in my opinion, that's the highest form of success. I'm not naïve. I know what lies ahead – the hardships, the sacrifices, the emotional toll. I know there will be moments of loneliness, moments of pain, and moments where everything inside me will want to give up. But I also know this: I'll never feel more alive than when I'm doing something that matters. When I'm out there, wearing the uniform standing beside those who've sworn the same oath – I won't be alone. I'll be part of something bigger.

Of course, there are always questions. Why not just take a safer route? Why risk it all? My answer is simple: **Because**

someone has to. Because while others enjoy freedom, someone has to protect it. The Defence Forces are not just a career – they are a declaration of who you are and what you believe in. and I believe in discipline over chaos, I believe in service over self. That's the mindset I carry. And that's the mindset the forces demand. At the end of the day, we all get one life. Just one. And I refuse to waste mine chasing trends, living in fear, or choosing the easy way out. I want to be a soldier – not for the title, not for the glory, but for the cause. I want to fight for my country, protect my people, and earn the right to be called a warrior.

In conclusion, I'm here to express what I stand for. I want to join the Defence Forces because I want a life of meaning, challenge, discipline and pride. I want to serve my country – fully, fearlessly and without hesitation.

Jai Hind.

WHEN STRAWS FALL, IDEAS MUST RISE

Sometimes the greatest wars are not in history books. They are in our cups.

Picture this: You order a cold, refreshing drink only to find yourself fending off a straw. Plastic straws were initially banned as they posed a threat for the environment and the ocean as a whole. Later, the eco-warriors come in. paper straws. In theory, paper straws seem amazing but in reality? All you're left with is a delicious sludge of papery sadness.

But this is not really the point. It is not about whether paper straws are better or plastic

straws are. It is not really about which one can conserve the environment. It is about how we as humans choose the inconvenient way rather than the innovative way. It is about, we always choose to rush to solutions. Tell me, if environment conservation was really our end goal, would we not have been able to find smarter, practical and genuinely useful solutions? So, the next time your straw collapses within your lemonade, ask yourself, is this just another problem that would require a clever fix rather than a quick fix?

THE IMPORTANCE OF VOTING IN A DEMOCRACY

Voting is one of the most powerful rights we have in a democracy. It is how ordinary people get a say in how their country is run. When we vote, we choose leaders who make decisions about our schools, colleges, jobs, healthcare and future. Many people in the past have fought hard for this right and some have even lost their lives so that everyone could have a voice. Voting is not just a choice. It is a responsibility.

Every vote matters, even when it feels small. Elections are sometimes decided by just a few votes. When people do not, they allow others to decide for them. Voting helps make sure that every voice and every idea is heard, not just the loudest or the richest ones.

A strong democracy depends on people who care and take action. In the end, voting is more than marking a name on a piece of paper. It is a way of standing up

for ourselves, our values and our future,. When we vote, we show that we care about the kind of world we want to live in. Change does not happen by staying silent. It happens when people take action. By choosing to vote, we choose to be heard, to be counted and to help build a fairer and stronger democracy for everyone.

BENEFITS OF READING NEWSPAPERS

“A good newspaper is a nation talking to itself, it bridges the gap between the government and the people.”

In our fast changing world, staying informed is a necessity and one of the best ways to stay informed is by reading newspapers. Newspapers, provide a wealth of information on various topics, from local and national news to international events, sports, and entertainment. Reading newspapers has numerous benefits.

Firstly, it broadens our knowledge and understanding of the world around us. By staying informed about current events, we can engage in meaningful conversations make informed decisions and participate in discussions on important issues. Secondly, newspapers help us to develop critical thinking skills. By reading different perspectives and opinions on various topics, we can analyze information, evaluate arguments and form our own opinions. They make us aware, alert and more responsible citizens. Moreover we can read stories of people overcoming challenges, inventing new things and making a difference. These stories motivate us to aim higher and work harder.

In this digital age, many rely on social media for news – but not everything online is reliable. Newspapers are written by professionals who verify facts before publishing them. Hence, they give us more accurate information. In addition, newspapers can also improve our language skills, vocabulary and comprehension. By regularly reading well-written articles and editorials, we can enhance our communication skills. So, reading newspapers is not just a habit, but a necessity in today's informative age. By reading newspapers, we can expand our knowledge, challenge our assumptions and become more engaged citizens.

(Winners of Poem Competition on the School Motto – 'Born For Others')

BORN FOR OTHERS

We all are born for others!

We were not born to chase the gold,
Or wear a crown, or power to hold.
Not made to climb where few can see,
But to lift the souls who walk with me.

A shoulder when the world is cold,
A hand to grab, a truth to hold,
A quiet heart, a listening ear,
A home for those who live in fear.

We were born for the smile that we could give,
The love that helps another live.
Born not to stand alone and tall,
But to kneel besides the ones who fall.

So, let our days be small and kind,
With quiet deeds we leave behind.
No marble statue, no great name,
But hearts that whisper just the same:
"Because of you, I found my way,
You gave me strength to face my day."

If that is all my story covers –
Then let me end it by,
We Are Born For Others.

Suhana Mulla
X-C

BORN FOR OTHERS

Born not just to live alone,
But to make kindness widely known.
A smile to share, a hand to lend,
A gentle heart can we befriend.

When someone stumbles, help them rise,
See the world through caring eyes.
In giving love, we find our way,
And brighten up another's day.

Great lives have shown, both saints and brothers,
The true meaning of 'Born for Others'.
A motto strong, a guiding flame,
To live with purpose, not for fame.

So let us serve with selfless hearts,
In every act, let goodness start.
For life is richest, full of grace,
When love for others fills its place.

WHISPERS OF THE DAY

In morning light, the world awakes
The dawn bestows its golden grace
Soft whispers travel through the trees
As day begins with gentle ease.

The evening stars begin to glow
Their twinkling dance, a nightly show
In twilight's hush, the day take flight
Embraced by dreams of soft moonlight.

Azriel Dias

A SMALL LIGHT

In a corner of the dark night,
A tiny, steady light
Not loud, not so bright
It doesn't fight
Soft and calm,
A gentle sight.

When the dark feels wide,
It stays by your side
It chases away
The deepest night
That's the quiet strength
Of a small light.

A GIRL NEEDS HER DAD

A girl needs her dad
For so many reasons;

To hold her hand when she feels scary
He listens to her when she needs more
than just friend
To tell her everything will be all right
To hold her when a nightmare scares her.

As time passes he is her safe haven
He lends his ear to hear her joys and sorrows
He shows her how to come home
When all else seems to fall apart.

When he is gone, he whispers in her ear
She hears him
He reminds her he will be always there.
Diving deep with every sorrow
Or soaring high in great joy.

With every step in her life
A girl needs her dad
And he will always be there.

I WILL NOT FAIL

Painted books and dreams under the skies,
Pens and notes scattered around,
Peace and courage that's all I want
Every test feels like a war
But I will stand I will not fail.

Friends are laughing around
And I'm wondering if I'll ever pass,
Every Math sum has a solution,
But what about the life we have?

Teachers and Parents supporting us
I will rise like the sun
And shine like the moon
I will stand tall
And I will not fail.

Aaradhya Dixit

SCIENCE IS NOT A MAGIC IT IS JUST A LOGIC!!

Beyond the walls of mystery
Dances the shadows and the rays of light.

How can a lemon or an egg float on water?
How does a fish survive in Arctic ocean?

OR...

How can you turn water into 'fire'?
The answers to these questions are not
about MAGIC BUT...
Just little scientific knowledge and logic.

It isn't magic, wild and strange
Or secrets in a box;
It's just a constant truth that will not
change.

From Newton's law to Kepler's law

Proof to tests shows the difference
between circular motion and centripetal
force.

So... let reason be your sight,
For logic is the human mind
Revealing what is right
But not a tragic or a magic.

Srijita Biswas

A WORLD OF HARMONY

Imagine a world where love prevails
No conflicts, no strife, just peaceful gails
A world where kindness is the language
spoken
Where hearts are connected and
everyone's unbroken.

Let's spread compassion, let's spread the cheer
For a world where everyone
can live without fear.
With empathy and kindness, we'll pave
the way
For a brighter future, a peaceful day.

Let's bridge the gaps, let's break the walls
Let's bring people together, standing tall
With understanding and respect, we'll thrive
And create a world where love keeps alive.

Let's be the change, let's make it true,
A world in harmony for me and you.
With love and respect, we'll stand as one
A world in peace, under the bright warm sun.

Serra Lobo

THE LITTLE SEED

The tiny seed was afraid to grow.
"What if I fail?" it thought.
But one day, it gathered courage
And pushed through the soil.
Soon, it became a beautiful plant.
It realized, "Growth begins when fear ends."

CRICKET POEM

It is not a game,
It is an emotion,
Played by eleven,
Supported by 2.5 billion.

World cup is its brain,
IPL is its heart,
We are the fans,
We don't stop the chant.

Cricket is a passion,
Sachin is the god,
Dhoni is the leader,
And Kohli is the king.

It is also played by aliens,
As we have a superman,
Named Ab devillers.

It is a game of sportsmanship,
Which I best proved by Kiwis.

We also have great battle
Like: Ashes
And India vs Pakistan.

When India plays
Whole nation supports
Because we are not
The one who do not support.

It was born in Britain,
But bought up by India
As we consider it as a religion.

It is not our national game
But we consider it just more than a game.
From 1.3 billion, 11 are apart from crowd,
Who all together make our country proud.

1983 was a start to become the best,
And now we are on the top of the rest.
It is not a game but an emotion,
And by playing it, we all get satisfaction.

SAVED BY THE BELL IN MISS BRINAL'S PERIOD

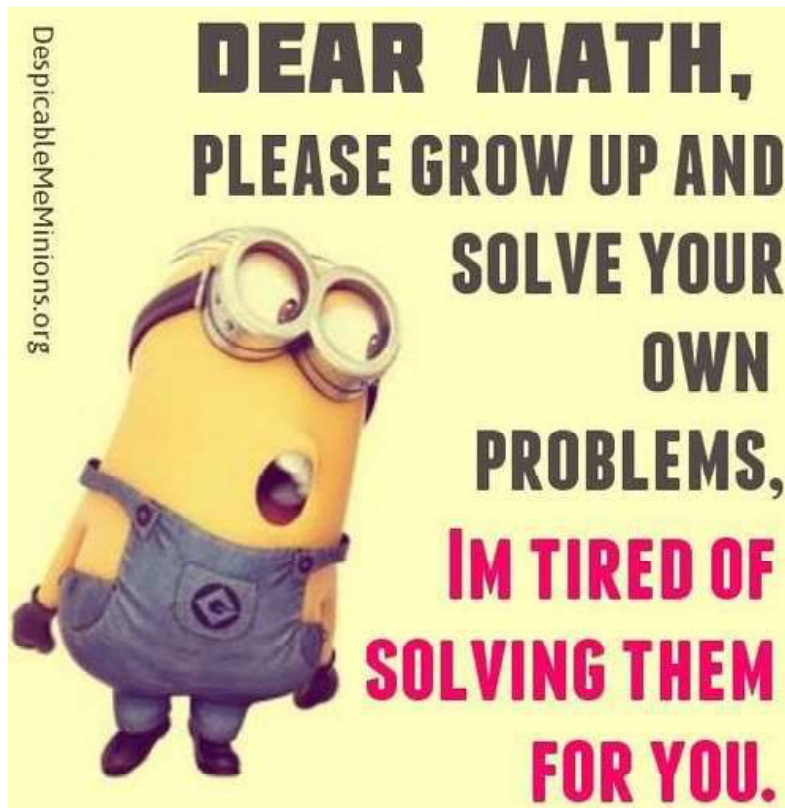

Pens squeak, thoughts arise,
In Miss Brinal's period, science shines.
Photosynthesis unfolds a tale,
A student's question sets me in fear.
Miss Brinal sees me chit and chatting,
Then in a dangerous moment I get frozen.
She asks me a question, and makes me stand,
She stares at me with a stern command.
Just as I was floundering to answer her question,
The bell rang and saved me from total embarrassment.
And then I breath a sigh of pure relief.

मुझे डर नहीं लगता

मैं हूँ नन्हीं, पर कमजोर नहीं,
हाँ, मैं लड़की हूँ - पर कम नहीं।
हर मुश्किल से मैं लड़ जाती,
सच और हक की बात कह जाती।

डर को दिल से दूर भगाती,
हौसलों से राह बनाती।
गिरूँ तो फिर उठ खड़ी होती,
जीत मेरी सच्ची होती।

सपनों को मैं पूरा करूँगी,
हर चुनौती से मैं जूझूँगी।
क्योंकि साहस मेरा गहना है,
और आत्मविश्वास मेरा सपना है।

ना मैं डरती हूँ ठोकर से,
ना रुकती हूँ किसी भंवर से।
जो मुझे रोकने आएगा।
वो खुद मेरी ताकत से हारेगा।

मैं सपनों की उड़ान भरती,
हर दिन नई राह बनाती।
मैं ही आशा, मैं ही विश्वास
मेरे हौसलों की नहीं कोई मिठास।

मैं हिम्मत हूँ, मैं पहचान हूँ,
हर बेटी की मैं उड़ान हूँ।

Aloysia Chettiar

VI - A

शिक्षा का दीप

शिक्षा सिर्फ किताबों का बोझ नहीं,
बल्कि जीवन को दिशा देने वाला प्रकाश है।
यह हमें अंधकार से निकालकर आत्मविश्वास,
संस्कार और सफलता की ओर ले जाती है।

शिक्षा है वो रोशनी प्यारी,
जो अज्ञानता पर भारी,
बिन इसके जीवन अधूरा,
जैसे नदिया हो बिन धोरा,

ज्ञान का दीप जलाती है,
हर मन में उजाला लाती है।
संस्कारों की ये जननी है,
जीवन पथ की यह रक्षक बनी है।

शिक्षा से ही हम समझ पाते,
सही-गलत की पहचान पाते।
ये ही हमें उड़ान देती,
सपनों की पहचान देती।

ना हो धन, चलेगा फिर भी,
पर शिक्षा से न हो दूरी,
क्योंकि ये है असली पूँजी,
जिससे बनती है हर मंजूरी।

बेटा-बेटी सबको दो अवसर,
शिक्षा से ही बनता है, भविष्य निखर,
आओ मिलकर यह संकल्प लें,
हर बच्चे को शिक्षा दें।

अंत में मैं यही कहना चाहूँगी कि

“अगर जीवन को सँवारना है, तो सबसे पहले
शिक्षा को अपनाना है।”

Anshika Sharma

प्रकृति

चिड़ियो से हैं उडना सीखा,
तितली से इठलाना।
भँवरो की गुंजन से सीखा,
राग मधुरतम गाना।

तेज लिया सूरज से हमने,
चाँद से शीतल छाया।
टिम-टिम करते तारों की,
हम समझ गए सब माया।

सागर ने सिखलाई हमको,
गहरी, सोच की धारा।
गगन चुम्बी पर्वत से सीखा,
हो ऊँचा लक्ष्य हमारा।

समय की टिक-टिक ने समझाया,
सदा ही चलते रहना।
मुश्किल कितनी आन पड़े,
पर कभी ना धीरज खोना।

प्रकृति के कण-कण में है,
सुंदर संदेश समाया।
ईश्वर ने इसके द्वारा ज्यों,
अपना रुप दिखाया।

Amyra Fernandes

V - A

मैं एक बेटी हूँ

मैं वो हूँ जो माँ की ममता में पलती हूँ, पिता की
उम्मीदों में ढलती हूँ। मैं एक सपना भी हूँ और
उसकी ताबीर भी। मैं फूल भी हूँ और तूफान से
लड़ने वाली जंजीर भी।

लोग कहते हैं -
“बेटियाँ बोझ होती हैं.....”

पर मैं कहती हूँ-
बेटियाँ तो वो नींव हैं, जिन पर पूरा सम्मान
खड़ा होता है।

कभी लक्ष्मीबाई बनकर तलवार उठाती हूँ,
कभी कल्पना चावला बनकर अंतरिक्ष को छू
आती हूँ।
कभी मैरी कॉम बनकर पंच मारती हूँ,
तो कभी मीराबाई बनकर भक्ति की मिसाल बन
जाती हूँ।

मैं किताबें भी पढ़ सकती हूँ, मैं घर भी चला
सकती हूँ।
मुझे मौका दो, तो मैं इतिहास बदल सकती हूँ।

लेकिन फिर भी....
कहीं कोख में मार दी जाती हूँ, कभी शिक्षा से
वंचित रखी जाती हूँ।
फिर भी मैं मुसकुराती हूँ।
हर बंधन को चुनौती बनाती हूँ।

क्योंकि.....
मैं हार नहीं मानती,
मैं सिर्फ बेटी नहीं-एक शक्ति हूँ, एक कांती हूँ।

अंत में बस इतना कहूँगी-
मुझे आगे बढ़ने दो
अपने सपनों को जीने दो,

क्योंकि जब बेटी उड़ती है,
तो पूरे समाज को रोशनी मिलती है।

Gargi Kinjale

मेरी माँ है कितनी प्यारी

सबसे सुंदर, सबसे न्यारी,
मीठी मीठी लोरी गाती।
लोरी गाकर मुझे सुलाती,
मुझे पढ़ाती मुझे लिखाती।
पहले खाना मुझे खिलाती,
सच बोलना मुझे सिखाती।
सच्ची राह मुझे दिखाती,
माँ का आँचल।
माँ का आँचल है सबसे प्यारा,
उसमे छुपा सुकून है सारा।
दुनिया चाहे कुछ भी कह दे,
माँ का प्यार है सबसे न्यारा।

Akshara Waghmare

VI - B

मौन की शक्ति

मौन का मतलब है चुप रहना, लेकिन इसका अर्थ केवल बोलना बंद करना नहीं है। यह सोचने, समझने और सही समय पर सही प्रतिक्रिया देने की शक्ति देता है। कई बार चुप रहना बोलने से ज्यादा असरदार होता है।

जब हम गुस्से में होते हैं, तब मौन रहना बहुत फायदेमंद होता है। यह हमें गलत बोलने से रोकता है और रिश्ते बचाता है। महात्मा गांधीजी भी मौन व्रत रखते थे ताकि वे अपने मन की शांति बनाए रख सकें।

आज की तेज़ दुनिया में थोड़ी देर का मौन भी बहुत सुकून देता है। यह मन को शांत करता है और हमें अंदर से मजबूत बनाता है। सच में मौन एक बहुत बड़ी शक्ति है।

ऑनलाइन दुनिया-हमारी दोस्त या दुश्मन

क्या आपने कभी सोचा है कि जब हम सुबह उठते हैं, तो सबसे पहले क्या देखते हैं?

मोबाईल फोन!

ऑनलाइन दुनिया हमारे जीवन का हिस्सा नहीं बल्कि एक आवश्यकता बन गई है।

अगर हम इसका सही उपयोग करें, तो यह हमारी सबसे अच्छी दोस्त बन सकती है।

- ऑनलाईन दुनिया दोस्त कैसे है?
- ऑनलाईन पढ़ाई से हमें घर बैठे शिक्षा मिलती है।
- गूगल से हमें हर सवाल का जवाब तुरंत मिल जाता है।
- विडियो कॉल से हम दूर बैठे अपनों से जुड़ सकते हैं।
- हमें समाचार, मनोरंजन और ज्ञान सब कुछ एक क्लिक पर मिल जाता है। लेकिन, इसी दोस्त को अगर हम ज्यादा महत्व दें, तो यह हमारी सबसे बड़ी दुश्मन भी बन सकती है।
- दुश्मन कैसे?
- ज्यादा समय मोबाइल या कंप्यूटर पर बिताने से आँखों और दिमाग पर असर होता है।
- सोशल मिडिया पर बहुत सी फेक न्यूज और गलत विचार फैलते हैं।
- ऑनलाइन गेम्स और यूट्यूब की लत हमारे समय और पढ़ाई दोनों को खराब कर सकती है।
- कुछ लोगों को सायबर बुलिंग या ऑनलाइन धोखाधड़ी का शिकार भी होना पड़ता है।

इसलिए, हमें खुद तय करना है कि हम इस ऑनलाइन दुनिया का कैसे उपयोग करते हैं- “मित्र की तरह” या “दुश्मन की तरह”

जैसे-एक चाकू से फल भी काटा जा सकता है और चोट भी पहुँचाई जा सकती है - वैसे ही ऑनलाइन दुनिया भी एक साधन है, उसका उपयोग हमारे हाथ में है।

ऑनलाइन दुनिया को अपनी सेवा में रखो, खुद उसके गुलाम मत बनो संतुलन ही इसका सही उत्तर है तभी ये हमारी सबसे अच्छी दोस्त बनी रह सकती है।

हिंदुस्तान हमारा

मैं उस देश की नागरिक हूँ, जहाँ छत्रपति शिवाजी महाराज और सम्राट अशोक जैसे राजा हुए। मैं उस देश की नागरिक हूँ, जहाँ हर पचास मील पर रुप, पहनावा और मजहब बदल जाता था। मैं उस देश की नागरिक हूँ, जहाँ डाल-डाल पर सोने की चिड़ियों को पाया जाता था। मैं उस देश की नागरिक हूँ, जिसे अपने भूगोल से पहले, इस ब्रह्मांड का भूगोल समझ आता था। भारत दुनिया का सबसे विशाल लोकतांत्रिक देश है। भारत जिसे हिंदुस्तान भी कहा जाता है, अपनी कई विशेषताओं के लिए भी जाना जाता है। भारत दुनिया की सबसे पुरानी सभ्यताओं में से एक है, और इसकी एक समृद्ध विरासत है। तो चलो आओ, तुम्हें उस समय में ले चलूँ, जब आजादी बस एक सपना था और हर दिल में बगावत आग बनकर धधक रही थी।

आजादी

आजादी का असली मतलब वही समझ सकता है जिसने कभी गुलामी सही हो। हम सौभाग्यशाली सही है कि हमने स्वतंत्र भारत में जन्म लिया। प्राचीन, मध्यकालीन और वर्तमान भारत के उदाहरणों से स्पष्ट करना चाहूँगी कि जब हम फिरंगियों के फेरे में फस गए थे तो “रंग दे बसंती चोला” की एक आवाज पर टोलों के टोले उमड़ आते थे और उनके वन्दे मातरम के नारों से खून में आने वाली पाँच-पाँच डिग्री का तूफान अंग्रेजी शासकों की जड़ों को हिला देता था।

भारत के बारे में जितना कहूँ, वह सागर में एक बूँद के समान है क्योंकि इसकी महानता शब्दों में नहीं, आत्माओं में बसती है। आज जो हिंदुस्तान सर उठाकर खड़ा है, वह अनगिनत वीरों के लहू से रचा गया है। जिन्होंने अपने रक्त की आखिरी बूँद तक माँ भारती की आजादी के नाम कर दी।

उठो जवान, देश की वसुंधरा
पुकारती माँ भारती

ये देश है पुकारता,
पुकारती माँ भारती।

“शिक्षा का महत्त्व”

शिक्षा हमें ज्ञान और कौशलता प्रदान करती है। शिक्षा मानव के जीवन में महत्वपूर्ण है। आज भी कई ऐसे बच्चे हैं जो पढ़ना चाहते हैं पर उन्हें वह सुविधा नहीं मिली, हमें यह अवसर मिला कि हम शिक्षित हो सके हमें इस अवसर को नहीं व्यर्थ करना चाहिए।

अगर हम शिक्षित हों तो हम अपने जीवन में सम्मान और गौरव प्राप्त कर सकते हैं। अगर हम शिक्षा का महत्त्व रखें तो हम आर्थिक सामाजिक रूप में सम्मान पा सकते हैं। शिक्षा सिर्फ मानव के जीवन के विकास के लिए ही नहीं बल्कि राष्ट्र के विकास के लिए भी महत्त्वपूर्ण है। शिक्षा दुनिया को बदलने का सबसे बड़ा हथियार है। शिक्षित बनों ताकि दुनिया बदल सको।

Siddhi Singh

VII - B

परिश्रम ही सफलता की कुंजी

हम सब अपने जीवन में सफल होना चाहते हैं, अपने सपनों को पूरा करना चाहते हैं परंतु क्या यह सब परिश्रम के बिना संभव है? बिल्कुल नहीं। सफलता को प्राप्त करने का मार्ग आसान नहीं होता। उसके लिए कठिन परिश्रम की आवश्यकता है। आज विश्व में बड़े-बड़े नगर सुंदर तथा ऊँची इमारतें कल-कारखाने, वायुयान, जलयान आदि। सब मनुष्य के अथक परिश्रम के ही प्रतीक हैं।

आज कल के वैज्ञानिक युग में भले ही श्रम संबंधित धारणाएँ परिवर्तित क्यों न हो गई हों, लेकिन श्रम के महत्त्व में कोई भी कमी पैदा नहीं हुई है बल्कि वृद्धि हुई है। मनुष्य का जीवन संघर्षों से भरा हुआ है। इसलिए परिश्रम एक ऐसी चाबी है जिससे सफलता के द्वार खोले जा सकते हैं। एक ऐसा शारीरिक प्रयास जिसमें मनुष्य अपने लक्ष्य प्राप्त कर सकता है, वह परिश्रम है - “करत-करत अभ्यास के जडमति होत सुजान।” इसका यह अर्थ है कि परिश्रम मूर्ख को भी ज्ञानी बना सकता है। इस तरह यह स्पष्ट है कि एक परिश्रमी व्यक्ति सफलता प्राप्त करता है और

आलसी व्यक्ति पीछे रह जाता है। “जो सोता है वही खोता है- परंतु जो जागता है वही पाता है।”

Chinmayee Rath

VII - B

पढ़ोगे लिखोगे बनोगे नवाब खेलोगे कूदोगे बनोगे लाजवाब

परीक्षा है सर पर आई। छोड़ो सारे मोह जरा संभल जाओ। मोबाईल से खेल-कूद से जरा ध्यान हटाओ और अच्छे-अच्छे नंबर ले आओ वरना क्या ही करोगे जीवन में -यह सोच, यह भाषा ज्यादातर माता-पिता की होती है। पहले की एक बहुत ही प्रचलित कहावत है-पढ़ोगे लिखोगे बनोगे नवाब, खेलोगे-कूदोगे बनोगे खराब।

शिक्षा का हमारे जीवन में बहुत महत्त्व है। शिक्षा हमें सही-गलत अच्छे-बुरे में अंतर करने की क्षमता प्रदान करती है। हर एक विकसित देश के पीछे शिक्षा का बहुत बड़ा योगदान होता है। शिक्षा समाज में फैले अंध विश्वासों को कम करने में भी मदद करती है, और बेहतर व्यवसाय के अवसर प्रदान करती है। जिससे हम अधिक पैसों कमा सकें और अपने जीवन को बेहतर बना सकें।

पर इन सभी भौतिक संपत्ती का आनंद तभी उठाया जा सकता है अगर हम शारीरिक और मानसिक रूप से स्वस्थ हों। अच्छा स्वास्थ्य ही हमारा सबसे बड़ा धन है। एक स्वस्थ व्यक्ति अपने सभी कार्य उत्साह से करता है।

खेल-कूद और स्वास्थ्य एक दूसरे से जुड़े हुए हैं। नियमित खेलकूद से मानसिक और शारीरिक स्वास्थ्य दोनों में सुधार होता है।

आजकल की जीवन शैली का स्वास्थ्य पर नकारात्मक प्रभाव बढ़ता जा रहा है। मोटापा, मधुमेह, उच्च रक्तचाप, हृदय रोग जैसी बीमारियाँ बढ़ती जा रही हैं! फास्ट फूड और जंक फूड का अधिक सेवन हमारे स्वास्थ्य को खराब कर रहा है।

नियमित कसरत हृदय को स्वस्थ रखता है, माँसपोशियों में मजबूती आती है और वजन नियंत्रण में भी सहयोग करता है। खेलने-कूदने से तनाव कम होता है और मूड भी बेहतर बनता है। टीम खेलों में भाग लेने से टीम वर्क संचार और सहयोग जैसे सामाजिक कौशल विकसित होते हैं।

इसलिए बदलते समय के अनुसार यह कहना उचित होगा कि पढ़ेंगे-लिखेंगे बनेंगे नवाब, खेलेंगे-कूदेंगे बनेंगे लाजवाब।

असफलता से सीख

कहते हैं-

सफलता अच्छी शिक्षक हो सकती है, लेकिन असफलता सबसे महान गुरु होती है। हाँ साथियों असफलता हमें तोड़ने नहीं आती, वह हमें मजबूत बनाने आती है।

- असफलता का असली मतलब हम सबके मन में असफलता का नाम सुनते ही डर पैदा हो जाता है। परीक्षा में कम नंबर आ गए, खेल में हार गए, प्रतियोगिता में नहीं जीते तो हमें लगता है लायक नहीं हैं। लेकिन सच तो यह है कि असफलता हार नहीं बल्कि जीत की पहली सीढ़ी होती है।

- महान लोगों की कहानियाँ इतिहास गवाह है - जिन्होंने दुनिया को बदला, उन्होंने सबसे पहले असफलता का सामना किया
- थॉमस एडिसन - बल्ब बनाने से पहले १००० से ज्यादा बार प्रयोग में असफल हुए। लेकिन उन्होंने कहा-“मैं असफल नहीं हुआ। मैंने १००० तरीके खोजे जो काम नहीं करते।”
- ए.पी.जे. अब्दुल कलाम - पहले वैज्ञानिक प्रयोग में असफल रहे लेकिन उन्होंने हार नहीं मानी और भारत को मिसाइल टेक्नोलॉजी में आगे ले गए।
- मैरी कॉम - गरीबी, कठिनाइयों और हार के बावजूद मुक्केबाजी में पाँच बार विश्व चैंपियन बनी।
- इनकी कहानियाँ हमें सिखाती हैं- असफलताएँ हमें रोकने नहीं, बल्कि आगे बढ़ाने आती हैं।

असफलता से मिलने वाले सबक

असफलता हमें तीन बड़ी बातें सिखाती है -

१. धैर्य - सफलता पाने में समय लगता है।
२. मेहनत का महत्त्व - अगर मेहनत कम है, तो नतीजा भी अधूरा होगा।
३. गलतियों से सुधार - हर गलती एक नया रास्ता दिखाती है।

हमारा दृष्टिकोण बदलना होगा

साथियों असफलता एक दीवार नहीं, बल्कि एक सीढ़ी है यदि हम इसे समझ लें तो हर हार में हमें आगे बढ़ने की ऊर्जा मिलेगी।

“असफलता से डरने वाले हारते हैं, लेकिन असफलता से सीखने वाले जीतते हैं।”

अंत में मैं खुद से वादा करती हूँ - कि अगर मैं कभी असफल हुई, तो मैं हार मानने की बजाए और मेहनत करूँगी। मैं आप सबसे भी यही कहना चाहती हूँ कि जब-जब गिरो, तब-तब उठो झाड़ो धूल, और नए जोश के साथ आगे बढ़ो।

गरीबी एक अंतहीन दर्द

आज मैं आप सबके सामने एक ऐसे जख्म की कहानी लेकर आयी हूँ... जिसे हम रोज देखते हैं.... महसूस करते हैं... लेकिन... कई बार अनदेखा कर देते हैं - गरीबी एक अंतहीन दर्द।

कहते हैं - “भूख सिर्फ पेट को नहीं... आत्मा को भी चुभती है।”

सोचिए..

वह मासूम बच्चा, जो स्कूल की किताबों में खो जाने की उम्र में कचरे के ढेर से रोटी ढूँढ रहा है। वह माँ, जो अपने बच्चों को कहती है “सो जा बेटा, नींद आ जाएगी, भूख भूल जाएगी”

वह वृद्ध... जो सर्द रात में बिना कंबल के ठिठुरता हुआ सो जाता है।

क्या.... यह जीवन है? या कोई अंतहीन सजा?

गरीबी, सिर्फ पैसों की कमी नहीं है... यह... सपनों की हत्या है, हँसी की चुप्पी है और उम्मीदों की मौत है। गरीबी किसी भी व्यक्ति या इंसान के लिए निर्धन होने की स्थिति है। गरीबी का मुख्य कारण अशिक्षा, कृषि, अमीरी और गरीबी के बीच बढ़ती लड़ाई है।

गरीबी वह दर्द जो किसी को अपनी बेटी की शादी में कर्ज के बोझ तले दबा देता है। गरीबी वह आँसू है जो किसानों की आँखों से गिरकर... सूखी मिट्टी में खो जाता है।

हम में से बहुत से लोग कहते हैं “गरीबों की लिए सरकार बहुत कुछ करती है”

लेकिन सच्चाई यह है?

गरीबी का इलाज सिर्फ योजनाओं से नहीं बल्कि हमारी सोच से होगा।

अगर.. हर इंसान थोड़ा-सा हाथ बढ़ाए... बाँटे और थोड़ा-सा सहारे का हाथ दे तो कोई भी भूखा नहीं सोएगा।

आज मैं आप सबसे सिर्फ एक वादा चाहूँगी- रोटी हो, किताब हो या मुसकान इसे जरूरत मंद तक पहुँचाइए। क्योंकि गरीबी एक अंतहीन दर्द है...

लेकिन अगर हम सब मिल जाए तो इसका अंत हम कर सकते हैं।

सफलता का वास्तविक अर्थ

“सफलता वह नहीं जो दुनिया को दिखाई दे; सफलता वह है जो आत्मा को संतोष दे।”

वर्तमान युग में सफलता केवल एक लक्ष्य नहीं बल्कि एक अंधी दौड़ बन चुकी है। हर व्यक्ति इसे पाने की दौड़ में लगा है, परंतु इसके वास्तविक अर्थ को समझने का प्रयास बहुत कम लोग करते हैं।

सामान्यतः सफलता को धन, प्रतिष्ठा और उच्च पद से जोड़ा जाता है, किंतु यह केवल बाहरी आडंबर है। सच्ची सफलता वह है, जो ईमानदारी, परिश्रम और धैर्य के साथ प्राप्त हो और मन को संतोष प्रदान करे।

असफलताओं से घबराने के बजाय, उनसे सीख लेकर आगे बढ़ना ही सफलता की पहली सीढ़ी है। जो व्यक्ति कठिनाइयों के बीच भी अपने

सिध्दांतों पर अडिग रहता है, वही वास्तविक अर्थ में सफल कहलाता है।

साथ ही, जो अपनी सफलता के साथ दूसरों के जीवन में भी सकारात्मक परिवर्तन लाता है, वही सच्चा प्रेरणास्रोत बनता है आज के प्रतिस्पर्धात्मक युग में लोग दूसरों से तुलना कर स्वयं को आंकते हैं, जिससे तनाव और असंतोष उत्पन्न होता है परंतु यह समझना आवश्यक है कि हर व्यक्ति की यात्रा अलग होती है और सफलता की कोई एक निश्चित परिभाषा नहीं होती।

अंततः सफलता का वास्तविक अर्थ केवल उपलब्धियों तक सीमित नहीं है, बल्कि एक संतुलित, संतुष्ट और नैतिक जीवन जीने में निहित है। जब मन में संतोष और कर्मों में सच्चाई हो, तभी सच्ची सफलता प्राप्त होती है।

दैनिक जीवन में समय प्रबंधन का महत्त्व

समय हमारे जीवन की सबसे मूल्यवान संपत्ति है। यह एक ऐसा संसाधन है जो एक बार चला जाए तो कभी वापस नहीं आता। इसलिए समय का सही उपयोग करना अत्यंत आवश्यक है। समय प्रबंधन का अर्थ है अपने सभी कार्यों को योजना बनाकर प्राथमिकता के अनुसार और सही समय पर पूरा करना। यह एक ऐसी कला है, जिसे सीखकर हम अपने जीवन को अधिक सफल और संतुलित बना सकते हैं।

दैनिक जीवन में समय प्रबंधन का बहुत बड़ा महत्त्व है। जब हम अपने दिन की शुरुआत एक योजना के साथ करते हैं, तो हमें यह पता होता है कि हमें किस समय क्या करना है। इससे हमारे कार्य व्यवस्थित ढंग से पूरे होते हैं और हम

किसी भी काम को भूलते नहीं हैं। समय का सही उपयोग करने से हम अपने पढ़ाई, खेल, परिवार और आराम के बीच संतुलन बना सकते हैं। इससे हमारा जीवन तनावमुक्त और खुशहाल बनता है।

विद्यार्थियों के जीवन में समय प्रबंधन की भूमिका और भी महत्वपूर्ण होती है। अगर छात्र अपनी पढ़ाई का समय सही ढंग से तय करें और नियमित रूप से उसका पालन करें, तो वे बिना किसी दबाव के अच्छे अंक प्राप्त कर सकते हैं। समय प्रबंधन से छात्रों में अनुशासन, आत्मविश्वास और जिम्मेदारी की भावना विकसित होती है। यह उन्हें परीक्षा के समय घबराहट से बचाता है और उनकी तैयारी को मजबूत बनाता है।

समय प्रबंधन हमें आलस्य और टालमटोल की आदत से भी दूर रखता है। जब हम अपने काम को समय पर पूरा करने की आदत डाल लेते हैं, तो हम अधिक सक्रिय और ऊर्जावान बन जाते हैं। इससे हमारी कार्यक्षमता बढ़ती है और हम कम समय में अधिक कार्य कर पाते हैं।

इसके अलावा, समय प्रबंधन हमारे लक्ष्य प्राप्त करने में भी सहायक होता है। जब हम अपने लक्ष्यों को छोटे-छोटे भागों में बाँटकर समय के अनुसार पूरा करते हैं, तो सफलता प्राप्त करना आसान हो जाता है। यह हमें जीवन में आगे बढ़ने की प्रेरणा देता है और हमें एक बेहतर इंसान बनाता है।

समय प्रबंधन के कई फायदे हैं। यह हमें तनाव से दूर रखता है, हमारी कार्यक्षमता बढ़ाता है और हमें आत्मनिर्भर बनाता है। एक अच्छे समय प्रबंधन के द्वारा हम अपने जीवन में संतुलन बनाए रख सकते हैं और अपने हर कार्य को सही समय पर पूरा कर सकते हैं।

आत्मविश्वास ही सफलता की पहली सीढ़ी

हर किसी की ज़िंदगी में कुछ ऐसे दिन होते हैं जो हमेशा याद रहते हैं। मेरी ज़िंदगी में भी एक ऐसा दिन है जिसे मैं कभी नहीं भूल सकती।

यह दिन मेरे लिए बहुत खास था क्योंकि उस दिन मैंने कुछ नया अनुभव किया। शुरु में मुझे थोड़ा डर लग रहा था, लेकिन धीरे-धीरे मेरा आत्मविश्वास बढ़ता गया। जब सब कुछ अच्छा होने लगा, तो मुझे बहुत खुशी महसूस हुई।

उस दिन मैंने सीखा कि हमें नई चीजों से डरना नहीं चाहिए। अगर हम कोशिश करें, तो हम बहुत कुछ कर सकते हैं। उस दिन के बाद मुझमें आत्मविश्वास भी बढ़ गया।

यह सबसे अच्छी बात यही थी कि मेरे परिवार और दोस्तों ने मेरा पूरा साथ दिया। उनकी वजह से मैं और भी अच्छा कर पाई। उनकी खुशी देखकर मुझे और भी अच्छा लगा।

मेरे लिए वह दिन सिर्फ एक याद नहीं, बल्कि एक सीख भी है। उस दिन ने मुझे सिखाया कि मेहनत और हिम्मत से हम कुछ भी हासिल कर सकते हैं।

अंत में मैं, यही कहना चाहूंगी कि परिस्थिति कैसी भी हो, पर हमें अपने आत्मविश्वास पर पूरा भरोसा रखकर आगे बढ़ते जाना चाहिए। सफलता प्राप्त होने पर ज़िंदगी में वो खास दिन हमेशा याद बन जाता है।

डर को हराना है तो खुद पर यकीन रखो, हर मुश्किल आसान होगी, बस आत्मविश्वास रखो।

दहेज - समाज का कलंक

“जब तक रहेगी दहेज की प्रथा, बेटी रहेगी दुखी सदा। दहेज लड़की को गिरा देने वाला एक हथियार है।”

दहेज एक ऐसी प्रथा जो समाज में गंदगी फैलाता है। जो देश की प्रगती को रोकता है। भारत देश जो प्रगती के सर्वोच्च स्थान पर जा पहुँचा है, फिर भी दहेज जैसी कुप्रथा से जूझ रहा है। दहेज की प्रथा एक ऐसी कलंकित प्रथा जिसने महिलाओं को कमजोर कर रखा है और गरीब तथा मध्यम-वर्गीय परिवारों पर अत्याचार कर रहा है।

विश्वास नहीं होता जो देश प्रगती में आगे है उसी देश में लगभग १०% से अधिक विवाहों में किसी न किसी रूप में दहेज का लेनदेन होता है। भारत के ग्रामीण भाग में तो ९५% विवाहों में लेनदेन होता है। २०२५ के रिपोर्ट के अनुसार प्रतिदिन २० महिलाओं की मृत्यु हो रही है सिर्फ और सिर्फ दहेज के कारण जैसे उत्तर प्रदेश, बिहार, मध्य प्रदेश, राजस्थान, कर्नाटक और अन्य राज्य में अधिक। दहेज प्रथा कानूनन अपराध (१९६१ से) होने के बावजूद भी, भारत में दहेज प्रथा भी चिंताजनक बनी हुई है।

अंत में, दहेज प्रथा समाज के माथे पर ऐसा कलंक है, जो स्त्री की गरिमा को वस्तु में बदल देता है। यह केवल एक सामाजिक बुराई नहीं, बल्कि मानवता के विरुद्ध अपराध है। हमें हमारे घर की बेटियों को शिक्षित करना चाहिए और उन्हें स्वालंबी बनाना चाहिए। इस कलंक को मिटाने के लिए “दहेज मुक्त विवाह” को आज के समय की सबसे बड़ी जरूरत है।

Srijita Biswas

शिक्षण हेच खरे शस्त्र

“अहो तेलाशिवाय महत्त्व नाही ज्योतीला
शिक्षणाशिवाय पर्याय नाही मानव जातीला”

शस्त्र म्हटलं कि आपल्या मनात तलवार भाला, बंदुक याचीच प्रतिमा उभी राहते पण हे सर्व शस्त्र रक्त सांडतात, जीव घेतात आणि भिती निर्माण करतात. परंतु एक असे शस्त्र आहे जे रक्त नाही तर ज्ञानाचा प्रवाह निर्माण करतात, भीती नाही तर आत्मविश्वास देतात, अंधार नाही तर प्रकाश देते ते शस्त्र आहे शिक्षण.

खरे शस्त्र तेच जे माणसाला आज्ञानाच्या साखळ्यांमधून मुक्त करते. तलवारीने एखादे युद्ध जिंकता येते, पण शिक्षणाने आयुष्य जिंकता येते. डॉ. बाबासाहेब आंबेडकर, महात्मा जोतीबा फुले, सावित्रीबाई फुले यांनी शिक्षणाचे महत्त्व ओळखले व समाजाच्या परिवर्तनासाठी तेच हत्यार म्हणून वापरले.

शिक्षणाचे माणसाला विचार करण्याची क्षमता मिळते, चांगले वाईट ओळखण्याची ताकद मिळते. पैशाने वैभव मिळेल, पण शिक्षणाने सन्मान मिळतो. आजच्या काळात तंत्रज्ञान, विज्ञान, वैद्यकीय सेवा अवकाश संशोधन या सर्व क्षेत्रात भारत उंच भरारी घेत आहे. आणि या यशामागचे एकच कारण आहे..... शिक्षण...

पण शिक्षण फक्त शाळेच्या चार भिंतीतच मिळते असे नाही. जीवन हा सगळ्यात मोठा गुरू आहे. प्रत्येक अनुभव आपल्याला काही ना काही शिकवून जातो. म्हणून शिक्षणाची ज्योत कधीही विझू देऊ नये, तर ती अधिक तेजस्वी करावी.

मित्रांनो, चला आपण सर्व करूया - शिक्षण घेऊ, इतरांनाही शिकवू आणि समाजात परिवर्तन घडवू. कारण हेच ते शस्त्र आहे ज्यामुळे गरिबी, अज्ञान, अन्याय, असमानता यांच्यावर विजय मिळवता येतो.

शेवटी एवढेच बोलावेसे वाटते.....

ज्ञानाची तलवार हाती, अज्ञानाचा करीन संहार, शिक्षणानेच होते मी, युगाचा खरा शिल्पकार, पुस्तक माझं हत्यार, विचार माझी ढाल, शिक्षणच आहे माझं साम्राज्य, जग माझा रणांगण भाला!

कुणाच्या भीतीचा साया, ना कोणाचे बंधन जाळ, शिक्षणाच्या प्रकाशातच, मी उभी सिंहसारखी भलं सोन-चांदि हरवेल कधीतरी, वैभव होईल धुळीला पण शिक्षणाची ताकदच नेईल मला उंच शिखराला!

भारताचा आधुनिक विकास आणि तंत्रज्ञान

भारत हा एक प्राचीन सांस्कृतिक वारसा असलेला देश असून, आता तो आधुनिक विकास आणि तंत्रज्ञानाच्या मार्गावर वेगाने वाटचाल करत आहे. स्वातंत्र्यानंतर अनेक सामाजिक आर्थिक व औद्योगिक आव्हानांचा सामना करत भारताने विविध क्षेत्रांत उल्लेखनीय प्रगती केली आहे. विशेषतः विज्ञान व तंत्रज्ञानाच्या साहाय्याने देशाच्या विकासाचे चक्र अधिक वेगाने फिरू लागले आहे.

आज भारत जगातील सर्वात वेगाने वाढणाऱ्या अर्थव्यवस्थांपैकी एक आहे. या वाढीचे मुख्य श्रेय माहिती तंत्रज्ञान, डिजिटल सेवा, औद्योगिक क्रांती, अंतराळ संशोधन, आरोग्य सेवा, आणि शेती क्षेत्रातही तंत्रज्ञान वापरले जाते. IT क्षेत्रात भारताने जगभरात आपली छाप सोडली आहे. बेंगळुरु, हैदराबाद, पुणे ही शहरे जागतिक IT उद्योगाचे केंद्र बनली आहेत. अनेक आंतरराष्ट्रीय कंपन्या भारतात आपले सेवा केंद्र स्थापना करत आहेत, ज्यामुळे लाखो तरुणांना रोजगाराच्या संधी उपलब्ध होत आहे.

भारताची अंतराळ संस्था ISRO ही भारताच्या वैज्ञानिक क्षमतेचे प्रतीक ठरली आहे 'चांद्रयान', आणि 'मंगलयान' सारख्या मोहिमांमुळे भारताची ओळख जागतिक स्तरावर एक अंतराळशक्ती म्हणून झाली आहे. कमी खर्चात उच्च दर्जाची तंत्रज्ञानयुक्त मोहिमा राबवण्यात भारताने जगाला चाकित केले आहे.

डिजिटल इंडियामुळे ग्रामीण भागातही तंत्रज्ञान पोहोचू लागले आहे. सरकारी सेवा, बँकिंग, शिक्षण, आरोग्य यांसारख्या मूलभूत सुविधा इंटरनेटचा माध्यमातून घरपोच मिळू लागल्या आहेत. UPI सारख्या डिजिटल पेमेंट प्रणालीने आर्थिक व्यवहार सुलभ व पारदर्शक केले आहे. शेतीमध्ये ड्रोन, सेंद्रिय तंत्रज्ञान, सुधारित बियाणे, आणि कृत्रिम बुद्धिमत्ता (AI) यांचा वापर वाढू लागला आहे.

एकंदरीत पाहता, भारत आधुनिक विकास आणि तंत्रज्ञानाचा वापर हे देशाच्या प्रगतीचे प्रमुख अधिष्ठान ठरत असून, भविष्यात भारत एक जागतिक महासत्ता बनण्याच्या दिशेने पुढे जात आहे.

दहशतवाद - भारताची भूमिका

दहशतवाद हा आजच्या जगासमोरील सर्वात मोठा धोका मानला जातो निरपराध लोकांवर हल्ले करून भीतीचे वातावरण निर्माण करणे हाच दहशतवादांचा मुख्य उद्देश असतो. भारत अनेक दशकांपासून दहशतवादाचा बळी ठरत आहे. जम्मू-काश्मीर, ईशान्य भारत तसेच इतर नाही भागात वेळोवेळी दहशतवादी कारवाया झालेल्या आहेत

भारताने दहशतवादाशी लढा देण्यासाठी अनेक उपाययोजना केल्या आहेत. सशस्त्र सेना, पोलिस दल, गुप्तचर विभाग यांच्या मदतीने दहशतवादयां विरुद्ध कठोर कारवाई केली जाते. आंतरराष्ट्रीय स्तरावर भारताने दहशतवादाविरोधात ठाम भूमिका घेतली असून संयुक्त राष्ट्र संघासह अनेक देशांशी सहकार्य केले आहे.

भारताची भूमिका ही नेहमीच “दहशतवाद कोणत्याही प्रकारचा असो तो मानवतेसाठी घातक आहे” अशी राहिली आहे. शांतता विकास आणि सुरक्षितता यासाठी दहशतवादांचा पूर्ण नायनाट होणे आवश्यक आहे.

बाप ओळखता येत नसतो

कधी बाप वळण लावत असल्याने वाईट असतो. कधी बाप पैसा नसल्याने वाईट असतो. कधी बाप धाकामुळे वाईट असतो, अज्ञातलाच बाप सर्वांना माहित असतो. पण थोडा जरी कुठे कमी पडला तर बाप बोलणे ही ऐकून घेतो.... आतल्या आत हा बाप तसाच रोज रडत असतो. प्रत्येकाच्या गरजांसाठी एकटा बापच वाहत असतो सर्वांच्या आवडीची किंमत तो बापच चुकवत असतो मुलांना पायावर उभे करणारे औषध म्हणजे बापाचा-

राग असते... रागामागे मुलांच सुख पाहणारा हतबल बापच असतो, आईसारखा बाप ओळखता येत नसतो, घडवण्याचं काम हा बापच करत असतो. बापाला कमी पडण्याची परवानगी नसते बापाला अडचणी सांगण्याची परवानगी नसते आणि बापाला थांबण्याची पण परवानगी नसते पण एक दिवस म्हातारा झाला की हाच बाप घरातल्या कोपऱ्यात पडून असतो, नाहीतर अंगणातल्या झाडाखाली एकटाच बसून असतो. हा बाप सहजच ओळखता येत नसतो अश्रू दिसू देत नसतो, तो मनातलही बोलत नसतो. म्हणूनच बाप सहसा ओळखता येत नसतो.

जर झाडे बोलू शकली असती तर. . .

कधी तुम्ही असा विचार केला आहे का.
की जर झाडे बोलू शकली असती तर ती
आपल्याशी काय बोलली असती? मला वाटते,
हा विचार खूप वेगळा आणि विचार करायला
लावणारा आहे.

जर झाडांना बोलता आले असते, तर
त्यांनी सर्वात आधी आपल्याला धन्यवाद दिले
असता, कारण काही लोक त्यांची काळजी घेतात.
पण त्याच वेळी, ते आपल्यावर रागही व्यक्त त्यांनी
केला असते, कारण आपणच त्यांची तोड करतो
आणि पर्यावरणाला हानी पोहोचवतो.

झाडे कदाचित आपल्याला सांगितली
असती की “आम्ही तुम्हाला सावली देतो, शुद्ध
हवा देतो, आणि तुमचे जीवन सोपे करतो. मग
तुम्ही आमची कदर का करत नाही?” हे ऐकून
कदाचित आपल्याला आपली चूक समजली
असती.

झाडे आपल्याला निसर्गाचे महत्त्वही
समजावून सांगितली असती. ती आपल्याला
अधिक झाडे लावायला आणि त्यांची काळजी
घ्यायला सांगितली असती. कारण निसर्गाशिवाय
आपले जीवन शक्य नाही.

माझ्या मते, जरी झाडे बोलू शकत नसली.
तरी आपण त्यांचा आवाज समजून घेतला पाहिजे.
आपण त्यांचे रक्षण केले पाहिजे आणि पर्यावरण
स्वच्छ ठेवले पाहिजे.

शेवटी, जर झाडे बोलू शकली असती,
तर कदाचित आपले जग अधिक सुंदर आणि
सुरक्षित झाले असते.

आत्मनिर्भर भारत

आजचा भारत प्रगतीच्या मार्गावर झपाट्याने पुढे जात आहे. पंतप्रधान मंत्री श्री. नरेंद्र मोदीजींनी दिलेल्या “आत्मनिर्भर भारत” हा संकल्प आज प्रत्येक भारतीयांसाठी प्रेरणादायी ठरला आहे. आत्मनिर्भर भारत म्हणजे इतर देशांवर अवलंबून न राहता स्वतःच्या क्षमतेने, कौशल्याने आणि परिश्रमाने प्रगती करणे होय.

याचा अर्थ असा नाही की आपण इतरांशी संबंध तोडतो, तर आपल्याला देशातच जास्तीत जास्त वस्तू तयार करून, रोजगार निर्माण करून आणि तंत्रज्ञानात प्रगती करून जगासमोर आपली ताकद दाखवतो. याच्या मुळे आपल्या देशात रोजगार निर्माण होणार आणि देश प्रगतीच्या मार्गावर चालेल.

“मेक इन इंडिया” “स्टार्टअप इंडिया” “डिजिटल इंडिया” या योजना आत्मनिर्भर भारताच्या दिशेने टाकलेले पाऊल आहेत. यामुळे युवकांना रोजगाराच्या संधी मिळत आहेत स्वदेशी उत्पादनांना प्रोत्साहन मिळत आहे आणि भारत जागतिक स्तरावर मजबूत होत आहे.

विद्यार्थ्यांनी देखील आत्मनिर्भर भारतासाठी आपला वाटा उचलला पाहिजे. आपण उत्तम शिक्षण घेतले पाहिजे, संशोधनात रस घेतला पाहिजे आणि स्वदेशी वस्तू वापरण्यास प्राधान्य दिले पाहिजे.

शेवटी एवढेच म्हणेन की “आत्मनिर्भर भारत” म्हणजे फक्त आर्थिक प्रगती नव्हे, तर सांस्कृतिक, सामाजिक आणि तांत्रिक क्षेत्रातही भारताचा आत्मविश्वास वाढवणे आहे. आपण सारेजण मिळून नक्कीच हा संकल्प पूर्ण करू शकतो.

आज जगात अनेक देश भारताकडे मोठ्या अपेक्षेने पाहत आहेत. कोरोनाच्या काळात भारताने

औषधे, लस आणि आवश्यक वस्तू अनेक देशांना पुरवून जगाचे मन जिंकले. हीच खरी आत्मनिर्भरतेची ताकद आहे. जर आपण सर्वजण देशी उत्पादनांचा वापर करू, नवे शोध, उद्योगधंदे आणि तंत्रज्ञान स्वीकारू तर नक्कीच भारत जागत “विश्वगुरु” म्हणून उभा राहील.

ऑपरेशन सिंदूर राष्ट्रीय सुरक्षा

“एक सैनिक सीमारेषेवर उभा असतो म्हणूनच.... आपण निर्धास्तपणे झोपतो”

त्याच अस्तित्व आपल्या स्वातंत्र्याचं, आणि त्याग आपल्या सुरक्षिततेचं प्रतीक असतं

ऑपरेशन सिंदूर, एक असं धाडसी पाऊल, ज्याने भारताची राष्ट्रीय सुरक्षा अधिक बळकट केली. ऑपरेशन सिंदूर हे भारत सरकार आणि सुरक्षादलांनी संयुक्तरित्या राबवलेल एक महत्वाचं ऑपरेशन आहे. देशातील अंतर्गत सुरक्षेला धोका निर्माण करणाऱ्या घटकांविरुद्धात हे एक ठोस उत्तर होत.

या ऑपरेशनचा उद्देश होता -

- सीमारेषेवरील घुसखोरी थांबवणे.
- देशातील दहशतवादी कारवायांना आळा घालणे.
- नागरिकामध्ये सुरक्षिततेचा आत्मविश्वास निर्माण करणे. सिंदूर हे नाव एक पवित्र भावनेशी जोडलेलं आहे - जी आपल्याला हे कधीही विसरता कामा नये की राष्ट्रीय सुरक्षा ही केवळ सैन्याची जबाबदारी नाही - ती आपलीही आहे.

सतर्क राहणं, राष्ट्रहिताचे निर्णय घेणें आणि देशाबद्दल अभिमान बाळगणं ही आपल्या प्रत्येकाची जबाबदारी आहे. ऑपरेशन सिंदूर ही एक आठवण आहे - की भारत शांतता प्रस्थापित करू शकतो, पण गरज पडल्यास, त्याच रणांगणही बनवू शकतो ही घटना आपल्या इतिहासात सोनेरी अक्षरात कोरलेली आहे. हे ऑपरेशनने आपल्याला गर्वीत वाटले आहे.

माझे बाबा - मजाक मशीन

माझे बाबा खूपच भारी
हसवतात ते सगळी पारी!
घरात आले की सुरुच मजा,
जणू काही मजाकचा राजा

कधी म्हणतात “तु झालीस मोठी!”
कधी म्हणतात “अजुन लहानचं!”
त्यांच्या बोलण्यात असते मजा,
हसत हसत जातो दिवस कसा?

कधी कधी होतात थोडे रागीट,
आवाज त्यांचा होता मोठा,
मी घाबरते थोडीशी तेव्हा,
पण मन मात्र असतं खूप मोठं

“अभ्यास करा” ते ओरडतात
“मोबाईल ठेवा” ते सांगतात
मला वाटतं-बाबा किती स्ट्रिकट!
पण तेच माझ्यासाठी करतात *Perfect*.

थोड्या वेळाने येतात जवळ,
डोक्यावरून हात फिरवतात हलकेच,
म्हणतात “तुझासाठीच बोललो”
आणि हसतात पुन्हा गोडच

ते शिकवतात एक छान गोष्ट,
हसणं आणि काम दोन्ही मस्त,
जीवनात बॅलन्स ठेवायला
हेच आहे सगळ्यात बेस्ट!

माझे बाबा माझे हिरो,
थोडे रागीट, थोडे कुल,
मजाक, प्रेम आणि शिस्त
माझ्या आयुष्याची गोल्डन रूल.

स्वप्नं बघा पण जागं राहून

“जगण्यासाठी एखादं कारण असावं लागत.... आणि ते कारण असतं.... तुमचं स्वप्नं!”

स्वप्नं प्रत्येकालाच असतात, तुम्हाला देखील असतील मला देखील आहे. पण त्यामध्ये अंतर आहे, काही स्वप्नं डोळे मिटल्यावर दिसतात आणि काही डोळे उघडे ठेवून पण खरी जादू होते ती त्यावेळी जेव्हा आपण डोळसपणे - पूर्ण शुद्धीने-मोठी स्वप्न पाहतो. अहो, आणि त्यासाठी प्रत्येक क्षण प्रयत्न करत राहतो.

Wings of Fire हे Dr. Abdul Kalam यांचे आत्मचरित्र मी काही दिवसांपूर्वी वाचले होते. त्यातील ओळी आजही मला प्रेरणा देतात. त्यांनी त्यात म्हटले होते. स्वप्ने ती नाहीत जी आपण झोपेत पाहतो. स्वप्ने ती आहेत जी आपल्याला झोपू देत नाहीत. या एका वाक्यात त्यांच्या यशाचं

रहस्य दडलं आहे. हे खरचं आहे कारण फक्त स्वप्न पाहण सहज आहे, पण त्यासाठी झोपेचा, आरामाचा त्याग करणं हेच यशाचं खर मूल्य असतं.

तर आज मी स्वप्नं बघा पण जागं राहून या अतिशय अर्थपूर्ण विषयावर माझे विचार मांडणार आहे “स्वप्नं बघा” म्हणजेच आयुष्यात काहीतरी मोठं वेगळ करण्याची इच्छा बाळगा आणि जागं राहून-म्हणजे ती स्वप्न फक्त डोळ्यांत साठवू नका तर त्यासाठी प्रयत्न करत राहा. जगात अनेक लोक मोठी स्वप्ने पाहतात पण ती साकार करतात तेच लोक जे जागे राहतात. अहो म्हणजेच जे लोक चिकाटी, शिस्त, मेहनत आणि सकारात्मक दृष्टिकोन यांच्या जोरावर काम करत राहतात. अनेक अडचणी येतात. अपयश येते, कधी वाट चुकते-पण डोळ्यांपुढे स्वप्न आणि मनात जिद्द असेल तर यश लांब नाही. डॉ. अब्दुल कलाम याचं उदाहरण आपल्या सर्वासमोर आहे. एका सामान्य कुटुंबातून आलेला मुलगा ज्यांनी पेपर वाटायचे काम केले. त्यांनी भारताचे राष्ट्रपती होण्यापर्यंतचा प्रवास केला.

प्रत्यक्षात आपण सगळे विद्यार्थी आहोत. आपल्यासमोर संधी आहे, वेळ आहे आणि क्षमता देखील आहे. हीच वेळ आहे मोठे काहीतरी ठरवण्याची तुम्ही आहे ठरवलं की माझे हे स्वप्न आहे... तर उदयाचे यश तुमचं असेल पण त्यासाठी Instagram, Mobile आणि वायफळ गोष्टी पासून दूर राहून स्वतःच्या विकासावर लक्ष द्यावं लागेल. कारण तुमचे भविष्य आजच्या कृतीवर ठरतं. आज आपण सर्वांनी ठरवूया-स्वप्ने बघू, पण ती फक्त झोपेतच न राहू देऊ. आपण उठू, प्रयत्न करू आणि आपल्या आयुष्याला एक दिशा देऊ कारण जर आपणच आपल्या स्वप्नांवर विश्वास ठेवला नाही, तर जग का ठेवेल?

स्वप्न पाह- कारण त्यातच भविष्य दडलंले आहे पण ते साकार करायचं असेल, तर जागे राहा-कारण कृतीशिवाय कोणतचं स्वप्न होत नाही.

झोपी जाऊन पाहिलेलं स्वप्न क्षणभंगुर असतं पण जागेपणीच स्वप्न आयुष्य बदलवू शकतं.

कल्पनांच आकाश मोठं आहे खरं पण जमिनीवरच्या पावलांनीच ते गाठावं लागले, हे मात्र खरे..
